Foreword

A Commitment to Our Children

General Statute 115C-47(4) makes it the responsibility of the local board of education to regulate extracurricular activities, including athletics. This statute reads as follows: "Local boards of education shall make all rules and regulations for the conducting of extracurricular activities under their supervision, including a program of athletics..., provided that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education." General Statute 115C- 47 reflects our state's commitment for youth to be involved in activities that enhance physical, social and emotional well-being.

This revision of the handbook for middle/junior high school athletic programs has been completed to assist local boards of education and their staffs in carrying out the intent and purpose of the statute cited. Recommendations were made by many of you who served in some capacity to the revision of this manual. It is our intent that this manual provides guidelines for LEAs to provide consistency, sportsmanship and fairness for all children who choose to participate in interscholastic athletics. As you would expect, a major focus of the handbook is the safety of the participants.

The effectiveness of any program is based primarily on the understanding and commitment of those who are charged with the responsibility for its implementation. I am convinced that you have that understanding and commitment. It is our hope and belief that this handbook will be an invaluable tool as you continue to improve a program that is already recognized as excellent.

Interscholastic Athletics

Interscholastic athletics have a vital place in the total educational program when they are effectively planned, organized, administered, supervised, and evaluated. Through school athletics, many of the interests and needs of young people can be served better than through any other channel. For this reason, it is important that school administrators, teachers, students, parents, and community personnel determine what educational objectives seem most desirable and plan athletic programs in keeping with the overall purposes of the school program. These additions should be printed in handbook format and provided to all member schools to ensure compliance and fairness.

Underlying every phase of the athletic program should be a primary concern for the athlete as a person, student, and a member of society. At all times, emphasis should be placed upon progressing levels of maturity both physical and emotional, upon integrity both personal and social, and upon responsibility, both for one's self and to all involved in the athletic program. Any play between organized teams or individuals from different schools is defined as an "interscholastic athletic contest" and shall be subject to all regulations pertaining to such contests.

Statutory provisions state that "Local boards of education shall make all rules and regulations necessary for the conducting of extracurricular activities in the schools under their supervision, including a program of athletics, where desired, without assuming liability therefore provided, that all interscholastic athletic activities shall be conducted in accordance with rules and regulations prescribed by the State Board of Education."

G.S. 115C-47(4)

State Board of Education Regulations

Realizing the need for acceptable standards for the operation of sound athletic programs on a statewide basis, county and city superintendents, principals, and coaches of the state devised and recommended minimum regulations for consideration by the North Carolina State Board of Education (SBE). The standards, "Regulations Governing Athletes," (page 17) were first adopted by the North Carolina SBE on June 5, 1952. These regulations, which are kept up-to-date through frequent amendments, have been considered as minimum standards for each local administrative unit to abide by or surpass in its efforts to maintain the highest possible standards relative to its interscholastic athletic program.

Middle/Junior High School Athletic Eligibility

Only students in grades six through eight may participate in middle school (6th, 7th and 8th grades) interscholastic athletic competition. Only students in grades seven through nine may participate in junior high school (7th, 8th and 9th grades) interscholastic athletic competition.

Note: Sixth grade students are ineligible to participate in tackle football.

Eligibility begins for all students with initial entry into the sixth grade regardless of:

- the school organization pattern
- the decision of the LEA to allow 6th grade participation

In order to qualify for public school participation, a student must meet the following requirements:

Academics

1. In grades six, seven and eight, the student must pass at least one less course than the number of required core courses each semester and meet promotion standards established by the LEA.
2. If an athlete is "academically eligible" or "academically ineligible" at the beginning of any semester, that status is retained throughout the full semester.
3. It is the responsibility of the school principal to check the academic status of each student/athlete enrolled in school at the beginning and close of a semester.
4. A principal shall prohibit any student known to be academically ineligible from participating in any competitions. Within eight days (excluding Saturday and Sunday) of the last day of the first semester, a principal shall verify the grades of all students participating in interscholastic athletics. The principal may restore eligibility to any debarred student after he or she has qualified at the end of a semester. Any student who has his or her eligibility restored may participate the day following the completion of the semester of ineligibility.

Age

1. The principal must have evidence of the legal birth date of the student.
2. A student shall not participate on a sixth, seventh or eighth grade team if the student becomes 15 years of age on or before August 31 of that school year.

4. A middle/junior high school student who is overage for middle/junior high school play shall be eligible for senior high school participation.
5. Ninth graders can be divided so that some play with the seventh and eighth grades at the middle school. Others play at the senior high level, depending upon local policy.

6. Once a student begins practicing with a high school team, he/she may not, at a later date, move down to the seventh, eighth, or ninth grade (junior high school) team.
7. A ninth grade student beginning play with the junior high school team may, at a later date, move to the high school team, but could not return to the junior high school team.

Attendance

1. A player must meet the LEA attendance policy during the previous semester.
2. A student must, at any time of any game in which he or she participates, be a regularly enrolled member of the school's student body, according to local policy.
 - a. If there is no local policy, "regularly enrolled" is defined as enrolled for at least one-half of the "minimum load."
3. It is recommended the student be in school the day of the contest.

Eligibility Lists

1. Eligibility lists shall be certified with the signature of the principal and filed with the local superintendent (or his/her designee) prior to the first game or contest in that sport.

6. Dressing and being in the designated team area shall be interpreted as participating in the game.
7. Any school that uses an ineligible player or a player not included on the eligibility list in any contest is to immediately drop the player from the team and forfeit all games in which the player participated. (This includes individual sports.)
8. Schools not filing a completed eligibility list with the local superintendent's office or designee for any interscholastic athletic team shall be suspended from playing in that sport until such list is received by the local superintendent's office.

Felony Policy

Any student who is subject to the Middle School six semester rule who:

1. is convicted of a crime classified as a felony under North Carolina or federal law;

2. Participation in athletic team tryouts may not be denied a student with a disability, an IEP, or a 504 plan when accommodations or modifications are necessary to provide the student with an equal opportunity to benefit. For example, a deaf student would require an interpreter for the deaf.
3. A student with a disability, an IEP, or a 504 plan must meet all requirements that apply to the regular education student.

Hardships

The local Board of Education or the Conference of which the school is a member shall have the authority, in response to a request of the principal of the school, to set aside the effect of any (other than 6th grade participation in tackle football) eligibility rule upon the individual student when, in its opinion, the rule fails to accomplish the purpose for which the rule is intended or when the rule works undue hardship upon the student.

1. Decisions of local Boards of Education or Conferences regarding hardships are final.

NOTE: It is to be understood that ordinary cases in ineligibility shall not be considered as coming under the hardship category, and that the conditions which cause the student to fail to meet the eligibility requirements, must have been beyond the control of the school, the student and/or his/her parents. Injuries, illnesses, or accidents which cause the student to fail to meet one of the basic requirements are possible causes for hardship consideration.

Health and Safety

This plan should be:
 - a. in writing,
 - b. reviewed by an athletic trainer licensed in North Carolina,
 - c. approved by the principal of the school,
 - d. distributed to all appropriate personnel,
 - e. posted conspicuously at all venues, and

8. Each school should maintain documentation that it is in compliance with the law.

When an injury occurs:

2. Student-athletes are encouraged to report their own symptoms, or to report if peers may have concussion symptoms. Coaches, parents, volunteers, first responders,

school nurses, licensed athletic trainers (if available), are responsible for removing a student-athlete from play if they suspect a concussion.

3. Following the injury, the student-athlete should be evaluated by a qualified medical professional with training in concussion management. It is strongly recommended that each institution seek qualified medical professionals in the surrounding community to serve as resources in the area of concussion management.
4. Any student athlete who suffers a head injury that results in a concussion or ANY symptoms associated with a concussion must submit to his/her coach or athletic director a completed and signed NCHSAA Concussion Return to Play Form before resuming any athletic activities.

Inclement/Hot Weather Guidelines for Outdoor Sports

All outdoor sports should follow the Inclement/Hot Weather Guidelines found at:

https://www.nchsaa.org/sites/default/files/attachments/2020-2021_NCHSAAHandbook_Section2-3Health%26Safety.pdf

These guidelines are reviewed/revised annually by the Sports Medicine Advisory Committee of the NCHSAA.

Sanitary and Safety Measures

While the risk for blood-borne infectious diseases, such as HIV/Hepatitis B, remains low in sports, proper precautions are needed to reduce the risk of spreading diseases. Along with these issues are skin infections that occur due to skin contact with competitors and equipment.

Universal Hygiene Protocol for All Sports

1. Shower immediately after all competition and practice
2. Wash all workout clothing after practice
3. Wash personal gear, such as knee pads, periodically
4. Don't share towels or personal hygiene products with others
5. Refrain from (full body) cosmetic shaving

Infectious Skin Diseases

Means of reducing the potential exposure to these agents include:

6. Notify guardian, athletic trainer and coach of any lesion before competition or practice.

7. Athlete must have a health-care provider evaluate lesion before returning to competition.
 - a. If an outbreak occurs on a team, especially in a contact sport, consider evaluating other team members for potential spread of the infectious agent.
 - b. Follow NFHS or NCHSAA guidelines on “time until return to competition.”
8. Allowance of participation with a covered lesion can occur if approved by health-care provider and in accordance with NFHS or NCHSAA guidelines.

Blood-Borne Infectious Diseases

Means of reducing the potential exposure to these agents include;

9. Bleeding must be stopped immediately and all wounds covered. All blood-soaked clothing must be removed before continuing competition or practice.
10. Contaminated clothing must be cleaned before using again.
11. Athletic trainers or caregivers need to wear gloves and take other precautions to prevent blood-splash from contaminating themselves or others.
12. Immediately wash contaminated skin or mucous membranes with soap and water.
13. Clean all contaminated surfaces and equipment with disinfectant before returning to competition. Be sure to use gloves with cleaning.
14. Any blood exposure or bites to the skin that break the surface must be reported and evaluated by a medical provider immediately.

These procedures were obtained and revised by the NFHS (August 2005)

NOTE: A bucket or squeeze bottle with a 10 percent bleach solution or isopropyl alcohol solution and rubber gloves should be placed at each sporting event for cleaning purposes. Surfaces should be cleaned using the above solution and disposable clean-up materials should be placed in a sealed plastic bag for discarding.

NOTE: It is important that any time there is blood present, even on uniforms, that it is treated with care regarding its ability to transmit infectious diseases.

Tobacco

The use of all tobacco products, including but not limited to e-cigarettes and all vaping products, by any person in school buildings, in school facilities, on school campuses, and in or on any other school property owned or operated by the local school administrative unit is prohibited.

General Rules and Regulations Governed by the State Board of Education

The SBE authorizes the LEA or the conference of which the school is a member to administer the rules and regulations.

Penalty for an Ejection

NC Administrative Code 16 NCAC 06E.0204 Interscholastic Athletics is mandated and not recommended. It is a minimum standard for middle schools to enforce. The following ejection guidelines are expressed in NCAC 06E.0204 and are the minimum standards for middle schools.

Any athlete, coach, or school official in grades 6-12 who is ejected from any athletic contest shall be penalized as follows:

1. for the first offense, the person shall be reprimanded and suspended from participating in the next game at that level of play (varsity or junior varsity);
2. for a second offense, the person shall be placed on probation and suspended from participating in the next two games at that level of play (varsity or junior varsity);
3. for a third offense, the person shall be suspended for one calendar year.
4. a coach who is suspended shall not coach any team for any grade level during the period of suspension.

Penalties are cumulative from sport to sport and from sport season to sport season. If no member of the school's coaching staff is present to assume an ejected coach's duties, the contest shall be terminated by a forfeit.

Recommendation for Additional Ejection Penalties

The LEA which has jurisdiction over the school may impose additional penalties. LEAs or conferences that adopt additional penalties should have penalties published prior to the first game in the first sport of the school year. Officials should be instructed to notify the principal of the school from which an ejection has occurred for the following to be enforced.

This policy applies to all persons involved in athletic contest, including student athletes, coaches, managers, and game administrators. The examples below include behavior or conduct which will result in an ejection from a contest.

1. Fighting includes, but is not limited to, combative acts such as:
 - a. an altercation between 2 or more parties that includes swinging, hitting, punching and/or kicking;
 - b. an attempt to strike an opponent with a fist, hands, arms, legs, or feet;
 - c. an attempt to punch or kick an opponent, regardless of whether or not contact is made;
 - d. an attempt to instigate a fight by committing an unsportsmanlike act toward an opponent that causes an opponent to retaliate;
 - e. leaving the bench area to participate in a fight (contact or no contact);
 - f. biting observed or determined by an official;

- g. taunting, baiting, or spitting toward an official or opponent;
- h. profanity directed toward an official or opponent;
- i. obscene gestures, including gesturing in such a manner as to intimidate or instigate; and
- j. disrespectfully addressing (physically contacting an official is subject to automatic expulsion and can result in ineligibility for remainder of career) an official.

Recommendations for Penalty Code

Enforcement of the Rules and Regulations

Penalty Code

The LEA or the conference in which the school is a member (if a school participates in a conference that involves more than one local board of education) shall adopt and enforce a penalty code. This code should be published and distributed to each athletic and administrative member of your school prior to the first game of the first season. (The following penalty code has been developed by the North Carolina Department of Public Instruction in the event that a locally developed penalty code is absent.)

Violations of these regulations may result in a reprimand, probation, suspension, forfeiture of games, and/or ineligibility.

A coach found guilty of conduct inconsistent with a wholesome athletic program may be

- suspended and placed on probation.
- suspended from directing a team.

If a coach or school official is ejected from a game or if a coach or school official removes his/her team from a contest before the termination of the contest, the coach or school official will be placed on probation until an investigation is made by the LEA or adopted conference. The schools involved shall immediately report in writing to the conference president and the local superintendent.

A student found guilty of misconduct may be

- placed on probation;
- suspended from participation in a sport or sports for a period of time.

An official found guilty of misconduct may be

- placed on probation;
- suspended from participation in a sport or sports for a period of time.

If team members not participating in a game come onto the playing surface during an event or immediately thereafter to engage in conflict, that team shall be placed on probation and may not participate until a decision is rendered by the LEA or conference.

Once a school becomes a member of a conference, a unanimous vote of all other conference members is required to remove that school from the conference. Such removal may not take place until the year following the unanimous vote.

Definitions of Probation and Suspension

If a school or individual is placed on probation, the school or the individual is put on a trial period for a specific time.

At the end of this trial period, the LEA or the conference of which the school is a member shall review the school or individual's conduct and behavior and advise the school or individual of their status.

During the probationary period, a school or individual may participate in all interscholastic activities unless otherwise stipulated by the governing authority.

If, while on probation, a school or individual is found guilty of a second violation, the school shall be barred from participation and the individual shall be barred from participating at the discretion of the LEA or conference of which the school is a member.

A school or individual may be suspended in a particular sport or in all sports.
