

Life Church

August 26, 2019

Dear Parents of CMS,

Welcome to another school year at Cramerton Middle!

Life Church has been a part of the town of Cramerton for over eighty-five years. From the humble beginnings on 8<sup>th</sup> Avenue, we have strived to be a community-based church. As we begin the school year, Life Church has the opportunity to serve Cramerton Middle School and its parents with access to our parking lot for student pick-up in the afternoons.

Beginning **Monday, August 26, 2019**, students will be able to come over onto the property but **will not be allowed to cross into the parking lot**. Life Church will provide a tent for shade in the field, while students wait for their pick-up. Parents are asked to enter the front entrance by Cramerton Middle and follow the cones around the parking lot, that will loop the traffic out to the exit of the front entrance. The rear entrance of our campus, by the pond, **will not be available for entrance by CMS parents for student pick-up**. We are routing all our Life4Kidz bus traffic through the rear entrance from 2:30-3:30 PM Monday-Friday to help with traffic flow. We are asking that parents of CMS not to arrive before 2:30 PM to get into the pick-up line.

We want to continue to provide this service to Cramerton Middle School while taking every precaution to help keep every student safe while waiting for pick-up. We understand this will take some time for adjustment and want to make this transition as easy as possible. It will take parents, students and the staff of Life Church and Life4Kidz working together to make this possible. We want the relationship between Cramerton Middle and Life Church to continue for years to come.

If we can be of any assistance or answer any questions, please do not hesitate to contact the church office at (704) 824-4286.

Sincerely,

Reverend Chris Kennedy  
Senior Pastor
