OBSERVING EROSION

Mrs. Chris Miller and Ms. Sara William's high school class is studying erosion and its effects in the Unique curriculum this month. The class conducted an experiment to see how landforms can change by weather and erosion. The students enjoyed this hands-on activity that truly linked learning to life.

COMMUNITY GARDEN

Did you see the article in the Gaston Gazette about the work Ms. Susie Miller's class is doing in the Gaston Rotary Club Community Garden?

Take some time to check out Tuesday's newspaper and read about the wonderful work our transition students are doing along with help from the men's group from Christ United Methodist Church. Webb Street is proud of the community partnerships we are forming.

2016 PROM

Our students had a great time at the prom last Friday. Special thanks to Ms. Howe, the Webb Street staff, Olio's for hosting the event and providing food, Red Lobster, Hillbilly's BBQ, Chick-fil-A Belmont, Sam's Club, Jo D Franklin (DJ), and Jason Mammano (Prom DVD). Check out our website for more pictures!
