

Christine Tileston
Star Teacher

The person I chose to nominate as my Star Teacher is Ms. Christine.

She is the nicest teacher I have ever had because she is helpful, kind and funny. She always keeps me in line; for example, when I work at First ARP Church, she makes sure I do a good job when I take out the trash, organize the hymnals and the visitor books.

At school, she encourages me to be a leader and helper in my classroom. She lets me help others with their work such as helping a student put her book bag away, get her notebook on her desk, and I assist others who need help logging onto the Chromebooks.

I will always remember that Ms. Christine cares for me and treats me nicely.
