Principal's Message

Tryon is truly the “purrfect” place to learn. I have enjoyed the opportunity to meet many of you and look forward to continuing to work with you in the future. It is refreshing to see your that your children are so important to your family and how concerned you are about their success in school. On October 11th, we will continue this partnership as we welcome you to schedule a Parent-Teacher Conference. It is important for you to know the daily procedures and activities of your child’s classroom. Conferences will allow you to learn how they are doing academically, socially, and developmentally. Conference day is designed for parents to have a 15 minute conference; however, if you need a longer appointment, I urge you to contact your child’s teacher.

The Fall Festival is a time for the Tryon community to celebrate together. Thank you and your family for your attendance which fosters the home-school relationship. Research shows that parent involvement in events like parent-teacher conferences and supporting your student increases student performance. As always, my door is always open.

-Meghan Lefevers

Tryon School is the Purrrrfect place to learn.
