

2023 Updates

[illegible]

The board recognizes the critical role of parents in the education of their children and in the schools. The board directs school administrators to develop programs that will promote and support parental involvement in student learning and achievement at school and at home and encourage successful progress toward graduation. Each parent is encouraged to learn about the educational program, the educational goals and objectives of the school system, and his or her own child's progress. The board also encourages parents to participate in their children's education and in activities designed by school personnel to involve them, such as parent conferences, in order to foster effective teacher and parent communication. Parents are responsible for cooperating with school employees to facilitate their children's compliance with board policies concerning homework, school attendance, and behavior.

For purposes of this policy, "parent" includes parents, legal guardians, and legal custodians of students who are under 18 years old and who have not been emancipated.

A. PARENTAL INVOLVEMENT PLANS**1. Parental Involvement Plan as Part of the School Improvement Plan**

The board directs each principal to ensure that the school improvement team develops a plan for the school's parental involvement program as a part of the school improvement plan. The principal shall publicize drafts of the parental involvement plan prior to finalization and solicit input from parents of students in the school. This plan must include, at a minimum, efforts to enhance parental involvement by promoting the following priorities:

- a. regular, meaningful, two-way communication between home and school;
- b. responsible parenting;
- c. involvement of parents in student learning;
- d. parental volunteering in the school;
- e. involvement of parents in school decisions that affect children and families;
- f. parental training based on parents' informational needs;
- g. collaboration with community agencies and other organizations to provide resources to strengthen school programs, families, and student learning; and
- h. student health awareness among parents by addressing the need for health programs and student health services, which are linked to student learning.

2. Title I Parent and Family Engagement Plan

Each school participating in the Title I program must develop, with parents and family members, a school-level written parent and family engagement plan that involves parents in the planning and improvement of Title I activities and describes the means for carrying out school-level policy, sharing responsibility for student academic achievement, building the capacity of school staff and parents for involvement, and increasing accessibility for participation of all parents and family members of children participating in Title I programs. See policy 4021, Title I Parent and Family Engagement.

3. Parental Involvement Component of a School Plan for Managing Student Behavior

Each school's plan for managing student behavior should include parental involvement strategies that address when parents will be notified or involved in issues related to their child's behavior. See policy 4302, School Plan for Management of Student Behavior.

B. PARENT COMMUNICATION, PARTICIPATION, AND CONFERENCES

1. Communication with Parents

The board encourages school personnel to have regular contact with parents for informational purposes as well as for commendation of students and notification of concerns. School personnel shall communicate with parents about student behavior issues in accordance with requirements of policy 4341, Parental Involvement in Student Behavior Issues, and about student attendance as described in policy 3480, Attendance. In addition, parents will be notified promptly if school personnel suspect that a criminal offense has been committed against the parent's child, unless notification would impede an investigation by law enforcement or the child welfare agency.

The principal must effectively communicate to parents the manner in which textbooks are used to implement the school's curricular objectives. Any parent interested in learning more about their child's course of study or the source of any supplementary instructional materials should contact the principal for more information. If a parent would like to inspect and review particular instructional materials, the parent should make such a request in accordance with policy 3210, Parental Inspection of and Objection to Instructional Materials.

The principal also shall ensure that information about the nature and purpose of all clubs and activities, curricular and extracurricular, offered at the school is available at the school's main office. Any parent who would like information about such clubs or activities should contact the school's main office.

The principal or designee shall strive, through oral or written communication or

other means, to include the parents of students identified as at-risk in the implementation and review of academic and/or behavioral interventions for their children, in accordance with policy 3405, Students at Risk of Academic Failure.

The principal or designee shall provide the parent of each student in kindergarten, first, or second grade with written notification of the student's reading progress. The notice will be provided three times a year, following each benchmark assessment and will include: (1) assessment results, (2) whether the child may not reach reading proficiency by the end of third grade, and (3) instructional support activities for use at home.

2. Parent Participation at Schools

The board encourages parents to engage in activities in their children's schools. Parents are welcome to visit schools in accordance with policy 5020, Visitors to the Schools, and, if interested, are urged to participate in school volunteer programs as described in policy 5010, School Volunteers. In addition, opportunities exist for parents to participate on school advisory councils, such as the school health advisory council (see policy 3530, Student Wellness), school improvement teams (see policy 3430, School Improvement Plan), school media and technology advisory committees (see policy 3200, Selection of Instructional Materials), and the business advisory council (see policy 2670, Business Advisory Council).

3. Conferences

Teachers are responsible for scheduling conferences or meetings with parents. The board encourages the superintendent to work with local business leaders, including the local chambers of commerce, to encourage employers to adopt, as part of their stated personnel policies, time for employees who are parents or guardians to attend conferences with their child's teachers.

At the beginning of each school year, the principal or designee shall notify parents of (1) each health care service offered at their children's schools and the means for parents to provide consent for any specific services; (2) acknowledgement that consenting to a health care service does not waive the parents' right to access their children's educational records or health records or to be notified of changes in their children's services or monitoring; and (3) the procedures to exercise the parental remedies for concerns related to student health provided by G.S. 115C-76.60 and described below in subsection E.6.

Before any student well-being questionnaire or health screening form is administered to students in kindergarten through third grade, the principal or designee shall provide parents with a copy of the questionnaire or form and shall inform parents of the means for parents to consent to the use of the questionnaire or form for their children.

The principal or designee shall notify parents of changes in services or monitoring related to their children's mental, emotional, or physical health or well-being and the school's ability to provide a safe and supportive learning environment for their children prior to or contemporaneously with the changes being made. In addition,

the principal or designee shall notify parents before any changes are made to the names or pronouns used for their children in school records or by school personnel.

No school system policy, procedure, or form will expressly or otherwise prohibit school employees from notifying parents about their children's mental, emotional, or physical health or well-being or a change in related services or monitoring, nor will any school system policy, procedure, or form intentionally encourage or be designed in a manner that is reasonably likely to have the effect of encouraging any children to withhold from their parents information about their mental, emotional, or physical health or well-being or a change in related services or monitoring. School personnel shall not discourage or prohibit parental notification of and involvement in critical decisions affecting a student's mental, emotional, or physical health or well-being.

2. Discussions Related to Student Well-Being

In accordance with the rights of parents provided in Chapter 114A of the General Statutes, when issues of a student's well-being arise, school personnel shall encourage the student to discuss the issues with his or her parent. As appropriate, school personnel may facilitate discussions of such issues with parents.

3. Parent Access to Student Records

Parents will not be prohibited from accessing any of their children's education and health records created, maintained, or used by the school system, except as permitted by law. See policy 3470, Student Records.

Student support services training developed or provided by the school system to school personnel will adhere to student services guidelines, standards, and frameworks established by the Department of Public Instruction.

5. Instruction on Gender Identity, Sexual Activity, and Sexuality

Instruction on gender identity, sexual activity, or sexuality will not be included in the curriculum provided in kindergarten through fourth grade, regardless of whether the information is provided by school personnel or third parties. For purposes of this subsection, curriculum includes the standard course of study and support materials, locally developed curriculum, supplemental instruction, and textbooks and other supplementary materials, but does not include responses to student-initiated questions.

6. Remedies for Parental Concerns Related to Student Health

If a parent has a concern about the school or school system's procedure or practice

under Part 4 of Article 7B of Chapter 115C, as described here in Section E of this policy, the parent should submit the concern in writing to the principal. The principal shall schedule and hold a meeting with the parent within five days after the concern was submitted. The principal shall conduct any necessary investigation. If possible, the principal should resolve the concern within seven days after the concern was submitted. If the principal cannot resolve the concern within seven days, the principal shall immediately notify the superintendent or designee. The superintendent or designee shall assist, as needed, in resolving the concern.

If the concern has not been resolved within 15 days after the parent initially submitted the concern, the superintendent or designee shall schedule a board hearing to be conducted pursuant to policy 2500, Hearings Before the Board, to occur within the next 15 days. If the concern is not resolved 30 days after the parent initially submitted the concern, the board will provide a statement of the reasons for not resolving the concern.

If the concern is not resolved within 30 days of initial submission, the parent has the right to pursue additional remedies as provided in G.S. 115C-76.60(b).

F. PARENT REQUESTS FOR INFORMATION

A parent may request in writing from the principal any of the information the parent has the right to access under Part 3 of Article 7B of Chapter 115C. The principal, within 10 business days, shall either provide the requested information to the parent or provide an extension notice to the parent that, due to the volume or complexity of the request, the information will be provided no later than 20 business days from the date of the parental request.

If the principal (1) denies or fails to respond to the request for information within 10 business days or (2) fails to provide information within 20 business days following an extension notice, the parent may then submit the written request for information to the superintendent, along with a statement specifying the time frame of the denial or failure to provide information by the principal.

If the superintendent denies or does not respond to the request for information within 10 business days, the parent may appeal the denial or lack of response to the board no later than 20 business days from the date of the request to the superintendent. The board will place the parent's appeal on the agenda for the next board meeting occurring more than three business days after submission of the appeal.

The information in this Section F will be posted on the school system's website along with the list of parents' legal rights for their child's education as described in G.S. 115C-76.25.

Children who receive and fail to pass the required vision screening must obtain a comprehensive eye exam conducted by a duly licensed optometrist or ophthalmologist. The provider of the exam must present to the parent a signed transmittal form, which the parent must submit to the school. If a member of the school staff has reason to believe that a child enrolled in kindergarten through third grade is having problems with vision, the staff member may recommend to the child's parent that the child have a comprehensive eye examination.

No child will be excluded from attending school solely for a parent's failure to obtain a comprehensive eye exam. If a parent fails or refuses to obtain a comprehensive eye exam or to provide the certification of a comprehensive eye exam, school officials shall send a written reminder to the parent of required eye exams.

Upon request, the teacher(s) of a student subject to an absence from school for failure to provide the health assessment form required by this section shall provide to the student all missed assignments, and to the extent practicable, the materials distributed to students in connection with the assignments. The principal or designee shall arrange for the student to take home textbooks and school-furnished digital devices for the duration of the absence and shall permit the student to take any quarterly, semester, or grading period examinations missed during the absence period.

C. HOMELESS STUDENTS

Notwithstanding the provisions of this policy, admissions for homeless students will not be prohibited or delayed due to the student's inability to provide documentation of immunizations or health assessments. The homeless liaison shall work with the student, parent/guardian, school personnel or other agencies to obtain documentation of immunization and/or the health assessment or to arrange for such immunizations and/or assessments in a timely manner.

D. FOSTER CHILDREN

Notwithstanding the provisions of this policy, admissions for students in foster care will not be prohibited or delayed due to the student's inability to provide documentation of immunizations or health assessments. The enrolling school will immediately contact the school last attended by the foster child to obtain any relevant documentation.

E. CHILDREN OF MILITARY FAMILIES

CHILD ABUSE AND RELATED THREATS TO CHILD SAFETY

Policy Code:

4240

The board is concerned with the health, safety, and welfare of all children and recognizes the legal and ethical obligations that school employees, contractors, and volunteers have to report known or suspected maltreatment of children. North Carolina has two separate systems that mandate reports to state authorities of suspected child abuse, neglect, dependency, or maltreatment and a third system for mandated reporting of certain crimes against juveniles to local law enforcement.

When a parent or other caretaker is suspected to have caused a child to be abused, neglected, or dependent, this information must be reported to the county child welfare agency. Suspected human trafficking, involuntary servitude, and sexual servitude of a child and death of a child as a result of maltreatment are special forms of child abuse under law and must be reported to the county child welfare agency, regardless of the relationship between the victim and the perpetrator. By contrast, suspected child maltreatment by a caregiver in a child care facility, including in a licensed preschool classroom or other licensed classroom or program operated by the school system, must be reported to the Department of Health and Human Services (DHHS), Division of Child Development and Early Education (DCDEE). When the source of the harm or threat of harm to the child is uncertain, a report should be made to both the county child welfare agency and DCDEE.

In addition, state law mandates reports to local law enforcement when a child is a victim of certain violent offenses, sexual offenses, or misdemeanor child abuse. An adult who knows or reasonably should have known of any of these offenses inflicted upon a child must report that information immediately.

The board of education supports all employees who in good faith make a report under North Carolina's mandated reporting laws.

The superintendent shall develop any necessary procedures for making a report or otherwise implementing this policy.

A. DUTY TO REPORT CERTAIN CRIMES AGAINST CHILDREN TO LOCAL LAW ENFORCEMENT

A school employee, contractor, or volunteer is legally required to report to local law enforcement when the employee or volunteer knows or reasonably should know that a child has been a victim of any of the following crimes:

1. a sexual offense (which for purposes of this policy, the board interprets to mean any offense that relates to inappropriate sexual conduct with or involving a child);
2. an offense that inflicts serious bodily injury or serious physical injury upon the child by nonaccidental means;

CHILD ABUSE AND RELATED THREATS TO CHILD SAFETY

Policy Code:

4240

3. an attempt, solicitation, or conspiracy to commit either offense described above, or aiding and abetting either offense; or
4. misdemeanor child abuse, which occurs when a parent or any other person providing care or supervision to a child who is under the age of sixteen (1) inflicts or allows to be inflicted physical injury to the child by nonaccidental means or (2) creates or allows a substantial risk of physical injury to the child by nonaccidental means.

Compliance with this reporting requirement does not relieve the employee or volunteer from his or her duty to report pursuant to Sections B and C of this policy. The employee, contractor, or volunteer also shall immediately report the case to the principal.

A school employee, contractor, or volunteer is immune by statute from any state civil and/or criminal liability when making a report in good faith under this Section. An employee who fails to report or who prevents another person from making a report is subject to disciplinary action by the school system and civil and criminal action under the law. A volunteer or contractor who fails to report or prevents another person from making a report may be restricted from school property or lose the privilege of volunteering for or contracting with the school system and is subject to civil and criminal action under the law.

B. DUTY TO REPORT CHILD ABUSE, NEGLECT, DEPENDENCY, OR DEATH AS A RESULT OF MALTREATMENT TO THE COUNTY CHILD WELFARE AGENCY

A school employee, contractor, or volunteer who knows or has cause to suspect that (1) a parent, guardian, custodian, or caretaker of a child has caused the child to be abused, neglected, or dependent, or (2) that a child has died as a result of maltreatment or been a victim of human trafficking, involuntary servitude, or sexual servitude by any person is legally required to report the case to the director of social services. The employee, contractor, or volunteer also shall immediately report the case to the principal. Any doubt about reporting a suspected situation must be resolved in favor of reporting, and the report must be made immediately.

A school employee, contractor, or volunteer is immune by statute from any civil and/or criminal liability when making a report in good faith under this Section. An employee who fails to report or who prevents another person from making a report is subject to disciplinary action by the school system and civil and criminal action under the law. A volunteer or contractor who fails to report or prevents another person from making a report may be restricted from school property or lose the privilege of volunteering for or contracting with the school system and is subject to civil and criminal action under the law.

C. DUTY TO REPORT CHILD MALTREATMENT IN A CHILD CARE FACILITY TO THE DIVISION OF CHILD DEVELOPMENT AND EARLY EDUCATION

A school employee, contractor, or volunteer who has cause to suspect that a child in a child

CHILD ABUSE AND RELATED THREATS TO CHILD SAFETY

Policy Code:

4240

care facility has been maltreated by a caregiver or has died as a result of maltreatment occurring in a child care facility is legally required to report the case to DCDEE.

A “child care facility” includes any DHHS-licensed classroom or program operated by the school system, including for example, licensed pre-school or Title I classrooms, licensed afterschool programs, and licensed developmental day programs.

Any doubt about reporting a suspected situation or uncertainty whether the child’s care is being provided in a child care facility must be resolved in favor of reporting, and the report should be made immediately.

An employee making a report to DCDEE also shall immediately report the case to the principal. If the suspected maltreatment occurred in a licensed preschool classroom or other licensed classroom or program operated by board, the principal shall immediately notify the superintendent of the suspected maltreatment. No reprisals of any kind may be taken against an employee who makes a good faith report of child maltreatment occurring in any licensed preschool classroom or other licensed classroom or program operated by the board.

An employee who fails to make a report as required by law and this policy may be subject to disciplinary action by the school system. In addition, if the employee works in a licensed preschool classroom or other licensed classroom or program operated by the board, failure to report maltreatment of a child in the program or classroom may itself constitute child maltreatment and result in the employee being placed on the state child maltreatment registry. A volunteer or contractor who fails to report or prevents another person from making a report may be restricted from school property or lose the privilege of volunteering for or contracting with the school system.

D. DUTY TO REPORT LICENSED EMPLOYEES TO THE STATE BOARD OF EDUCATION~~SUPERINTENDENT OF PUBLIC INSTRUCTION~~

In addition to the other reporting requirements of this policy, any administrator who knows, ~~or~~ has reason to believe, or has actual notice of a complaint that a licensed employee has engaged in misconduct resulting in dismissal, disciplinary action, or resignation ~~conduct that would justify automatic revocation of the employee’s license pursuant to G.S. 115C-270.35(b) or involves physical or sexual abuse of a child~~ shall report that information to the State ~~Superintendent of Public Instruction~~Board of Education in accordance with subsection C.4 of policy 4375/7310, Staff-Student Relations. For purposes of this section, “misconduct” is conduct that would justify automatic revocation of the employee’s license pursuant to G.S. 115C-270.35(b) or the infliction of physical injury against a child other than by accident or in self-defense.

E. COOPERATION WITH STATE AND LOCAL AGENCIES

1. The principal may establish a contact person in the school to act as a liaison with

state and local agencies charged with investigating reports made pursuant to this policy.

2. Employees shall cooperate fully with agency personnel conducting an investigation.
3. In a case under the jurisdiction of local law enforcement in which the child's parent, guardian, or custodian is suspected of wrongdoing, employees shall permit the child to be interviewed by local law enforcement on school campuses during school hours. Otherwise, permission from the parent, guardian, or custodian must be obtained before the child may be interviewed by local law enforcement on school campus during school hours.
4. In a case under the jurisdiction of social services, employees shall permit the child to be interviewed by social services on school campuses during school hours.
5. In a case under the jurisdiction of DCDEE concerning suspected child maltreatment by a caregiver in a child care facility, permission from the parent must be obtained before the child may be interviewed on school campus during school hours.
6. Employees shall provide confidential information to agency personnel, so long as the disclosure does not violate state or federal law.
7. Any confidential information disclosed by the investigating agency to employees must remain confidential and may be redisclosed only for purposes directly connected with carrying out the responsibilities of the school system or the employee.

F. SHARING INFORMATION WITH OTHER AGENCIES

Upon request and to the extent permitted by law, school system officials shall share with other agencies designated in G.S. 7B-3100(a) information that is relevant to (1) any assessment by the department of social services of a report of child abuse, neglect, dependency, or death as a result of maltreatment; (2) the provision or arrangement of protective services in a child abuse, neglect, or dependency case by the department of social services; or (3) any case in which a petition is filed alleging that a juvenile is abused, neglected, dependent, undisciplined, or delinquent. School system officials and the designated agencies must continue to share such information until the protective services case is closed by the department of social services or, if a petition is filed, until the juvenile is no longer subject to the jurisdiction of juvenile court.

G. CHILD SEXUAL ABUSE AND SEX TRAFFICKING TRAINING PROGRAM

In even numbered years, the school system will provide a child sexual abuse and sex trafficking education and awareness training program for teachers, instructional support

personnel, principals, and assistant principals. The program will include at least two hours of training related to best practices from the field of prevention, the grooming process of sexual predators, the warning signs of sexual abuse and sex trafficking, how to intervene when sexual abuse or sex trafficking is suspected or disclosed, legal responsibilities for reporting sexual abuse or sex trafficking, and available resources for assistance. Designated school personnel shall participate in such training as required by law and board policy.

H. CHILD ABUSE AND NEGLECT INFORMATION AND RESOURCES FOR STUDENTS

In accordance with G.S. 115C-47(65) and State Board of Education Policy SHLT-003, the school system will provide information on child abuse and neglect, including age-appropriate information on sexual abuse, to students in grades 6 through 12. Such information will be provided in the form of (1) a document given to all students in grades 6 through 12 at the beginning of each school year and (2) a display posted in visible, high-traffic areas throughout each secondary school.

The board expects all employees to maintain the highest professional, moral, and ethical standards in their interactions with students. Employees are required to provide an atmosphere conducive to learning through consistently and fairly applied discipline and established and maintained professional boundaries. Employees are expected to motivate each student to perform to his or her capacity while modeling the behavior expected of students in staff-student relationships.

The interactions and relationships between staff and students must be based upon cooperation, mutual respect, and an understanding of the appropriate boundaries between adults and students inside and outside of the educational setting. Employees are expected to demonstrate good judgment and to avoid the appearance of impropriety in their interactions with students. Employees must consult their supervisor any time they suspect or are unsure whether conduct is inappropriate or otherwise constitutes a violation of this or other board policy.

For the purposes of this policy, the terms “staff” and “employees” include independent contractors, school safety officers, and volunteers, but do not include student employees or student volunteers.

A. ROMANTIC RELATIONSHIPS AND SEXUAL CONTACT PROHIBITED

All employees are prohibited from dating, courting, or entering into a romantic relationship or having sexual contact with any student enrolled in the school system regardless of the student's age. Employees engaging in such inappropriate conduct will be subject to disciplinary action, up to and including dismissal, and may be subject to criminal action as provided in G.S. 14-202.4 and 14-27.32. Further, school system personnel shall provide no assistance to an employee in finding another job, beyond the routine transmittal of personnel or administrative files, if the employee engaged in sexual misconduct with a minor or a student in violation of the law.

B. RESTRICTIONS ON ELECTRONIC COMMUNICATIONS

1. In accordance with policy 7335, Employee Use of Social Media, employees are prohibited from communicating with current students through non-school-controlled social media without parental permission except to the extent that the employee and student have an appropriate relationship which originated outside of the school setting. Any communication through social media authorized under policy 7335 must meet the professional standards established in this policy and must otherwise be consistent with law and all other board policy.
2. Instant messages will be treated as a form of communication through social media subject to the terms of policy 7335 and subsection B.1 above, regardless of whether the messaging service is actually provided through a social media service or otherwise.
3. Employees are prohibited from engaging in other forms of one-to-one electronic

communications (e.g., voice, voice mail, email, texting, and photo or video transmission) with students without written prior approval of the employee's supervisor and the student's parent. This rule shall not apply, however, if one or more of the following circumstances exist:

- a. the communication (1) is for an educational purpose, (2) is conducted through a school system-provided platform which archives all such communications for a period of at least three years (this requirement does not apply to telephone or voice mail communications), or is conducted via an electronic video-conferencing platform (e.g., Zoom, Webex, Google Meet) that has been approved by the superintendent or designee for instructional use, and (3) occurs after the employee has given prior notice to his or her supervisor or designee that such communications will occur and when they will occur;

- d. the communication derives from a relationship or association outside of the school setting and occurs with the consent of the parent or guardian, provided such communication does not otherwise violate this or other board policy.

Any one-to-one electronic communication permitted by this subsection must meet the professional standards established in this policy and must otherwise be consistent with law and all other board policies.

4. It is the duty of every employee to notify his or her supervisor of any unsolicited one-to-one communication, in any form, electronic or otherwise, received from a student when the communication lacks a clear educational purpose. School counselors are excluded from this requirement only to the extent that it conflicts with their professional duties.
5. Violations of this section will be considered unprofessional behavior subject to discipline, up to and including dismissal. Factors that may be relevant to the determination of an appropriate disciplinary response to unauthorized communications with students include, but are not limited to:
 - a. the content, frequency, subject, and timing of the communication(s);
 - b. whether the communication(s) was appropriate to the student's age and

maturity level;

If the employee resigns within 30 days of a complaint for misconduct or during an ongoing investigation of a complaint, the misconduct is presumed to have resulted in the resignation. For purposes of this subsection, "misconduct" is conduct that would justify automatic revocation of the employee's license pursuant to G.S. 115C-270.35(b) or the infliction of physical injury against a child other than by accident or in self-defense. involves physical or sexual abuse of a child shall report that information to the State Superintendent of Public Instruction within five working days of any disciplinary action, dismissal, or resignation based on the conduct. The school system will take measures to protect the identification and privacy of students participating in any protected topic survey. These measures may include limiting access to completed surveys and to survey results, as allowed by law.

b. Parental Notification and Consent

The school system will notify parents at the beginning of each school year of the specific or approximate dates of administration of protected topic surveys. At least 10 days prior to the administration of a protected topic survey, parents and eligible students (students who are 18 years of age or older or who are emancipated minors) will be provided the opportunity to review both electronically and in person the process for providing consent to participate in the protected topic survey and the full text of the protected topic survey.

~~e. — Parental Consent~~

The superintendent or designee shall develop procedures as necessary to implement the operational standards established in this policy.

A. OPERATIONAL STANDARDS

The school nutrition services program will be operated in a manner consistent with board goals and board policy. B. MEAL CHARGES

Students who are required to pay for meals are expected to provide payment in a timely manner. The board recognizes, however, that students occasionally may forget or lose their meal money. In the event that a middle or elementary school student is unable to pay for a meal on a particular day, the student may charge a reimbursable meal. A middle school student carrying a negative balance of the equivalent of two (2) paid lunches in a meal account will not be permitted to accrue additional charges until the negative balance drops below the equivalent of two (2) paid lunches. An elementary student carrying a negative balance of the equivalent of five (5) paid lunches in a meal account will not be permitted to accrue additional charges until the negative balance drops below the equivalent of five (5) paid lunches. There is no charging allowed in high school. Instead the student who has exceeded the respective grade level charge limits will be served a designated alternate meal provided at no cost to the student. Appropriate modifications to the alternative meal will be made when required by the student's documented special dietary needs. To

safeguard the dignity and confidentiality of students in the serving line, reasonable efforts must be used whenever possible to avoid calling attention to a student's inability to pay.

The child nutrition director and principal shall work jointly to prevent meal charges from accumulating and shall make every effort to collect all funds due to the child nutrition program on a regular basis and before the end of the school term. Notices of low or negative balances in a child's meal account will be sent to parents and the principal at regular intervals during the school year. If a parent regularly fails to provide meal money and does not qualify for free meal benefits, the child nutrition director shall inform the principal, who shall determine the next course of action, which may include notifying the department of social services of suspected child neglect and/or taking legal steps to recover the unpaid meal charges. The principal shall not impose any administrative penalties on a student for unpaid meal charges. Administrative penalties include withholding a student's records, prohibiting a student from participating in graduation, and denying a student a diploma.

Parents are expected to pay all meal charges in full by the last day of each school year. Negative balances on student accounts will be carried forward to the following school year. However, the superintendent shall ensure that federal child nutrition funds are not used to offset the cost of unpaid meals and that the CNP is reimbursed for bad debt resulting from uncollected student meal charges prior to September 30 each year.

This policy and any applicable procedures regarding meal charges must be communicated to school administrators, school food service professional, parents, and students. Parents will receive a written copy of the meal charges policy and any applicable procedures at the start of each school year and at any time their child transfers into a new school during the school year.

RECRUITMENT AND SELECTION OF PERSONNEL

Policy Code:

7100

A. GENERAL PRINCIPLES

It is the policy of the board to provide all applicants for employment with equal employment opportunities and to provide current employees with training, compensation, promotion, and other benefits of employment without regard to race, color, religion, national origin, military affiliation, genetic information, sex (including pregnancy, childbirth, sexual orientation, and gender identity), age (40 or older), or disability, except when sex, age, or physical requirements are essential occupational qualifications. All candidates will be evaluated on their merits and qualifications for positions. All employment decisions will be consistent with the board's objective of providing students with the opportunity to receive a sound basic education, as required by state law.

The board also is committed to diversity throughout the programs and practices of the school system. To further this goal, the recruitment and employment program should be designed to encourage a diverse pool of qualified applicants.

B. RECRUITMENT

Recruitment for a specific vacancy will be undertaken only after the need and qualifications for the position are established and proper authorization is obtained.

All vacancies must be adequately publicized within the school system so that employees will be informed of opportunities for promotion or transfer to new jobs; however, the superintendent or designee may forgo publicizing a vacancy if the position will be filled through a lateral assignment, reassignment, or promotion of a current employee or if exigent circumstances necessitate that the position be filled immediately. Vacancies also may be publicized externally to attract qualified applicants.

C. CRIMINAL HISTORY

Except as otherwise provided in Section D of this policy, applicants must notify the assistant superintendent of human resources immediately if they are arrested, charged with, or convicted of a criminal offense (including entering a plea of guilty or *nolo contendere*) other than a minor traffic violation (i.e., speeding, parking, or a lesser violation). Notice must be in writing, must include all pertinent facts, and must be delivered to the assistant superintendent of human resources no later than the next scheduled business day following the arrest, charge, or conviction, unless the applicant is hospitalized or incarcerated, in which case the applicant must report the alleged violation within 24 hours after his or her release. Upon judicial action in the matter, the applicant must report the disposition and pertinent facts in writing to the assistant superintendent of human resources no later than the next business day following adjudication.

A criminal history check and a check of sex offender registries must be conducted on all final candidates for employment with the school system. Criminal history checks must be conducted in accordance with state law and any procedures established by the superintendent. School officials shall not require candidates to disclose expunged arrests, charges, or convictions and shall not ask candidates to voluntarily disclose such information without first advising that disclosure is not required. The superintendent or designee shall report to the State Board of Education any licensed individual who is found to have a criminal history, as required by State Board policy. Special requirements are described in Section D of this policy for criminal history checks of candidates for certain positions working with pre-school children or working in afterschool or developmental day programs.

A final candidate for employment or for hiring as an independent contractor will be excluded from hiring on the basis of criminal conduct only when doing so is job-related and consistent with business necessity. If a final candidate is found to have been convicted (including entering a plea of guilty or *nolo contendere*) of a criminal offense, other than a minor traffic violation, the superintendent shall determine whether the individual is qualified for employment despite the criminal history by considering, among other things, whether the individual poses a threat to the safety of students or personnel or has demonstrated that he or she does not have the integrity or honesty to fulfill the duties of the position. The following factors will be considered in making this determination: (1) the nature and gravity of the offense or conduct; (2) the time that has passed since the offense or conduct and/or completion of the sentence; and (3) the nature of the job sought. Before the superintendent may exclude a final candidate based on his or her past criminal convictions, the superintendent must give the candidate the opportunity to demonstrate that the exclusion does not properly apply to him or her. The requirements of this paragraph do not apply to a child care provider who is determined to be disqualified by the Division of Child Development and Early Education on the basis of a criminal history check conducted pursuant to G.S. 110-90.2, 42 U.S.C. 9858f, and 45 C.F.R. 98.43. (See Section D of this policy).

The board has determined that every position with the school system, regardless of whether the position is located in a school or elsewhere, potentially entails contact with students, either on a regular, occasional, or emergency basis. For that reason, no individual who is a registered sex offender subject to the provisions of policy 5021, Registered Sex Offenders, will be hired for any position with the school system.

In addition, each contract executed by the board with an independent contractor or for services of independent contractors must require the contractor to check sex offender registries as specified in policy 5021, Registered Sex Offenders.

D. CRIMINAL HISTORY CHECKS OF CHILD CARE PROVIDERS

For purposes of this section, a “child care provider” is:

1. any person who works or is a final candidate seeking to work in a classroom or program licensed by the Department of Health and Human Services, Division of Child Development and Early Education (DCDEE); and
2. any person, including a volunteer, who has unsupervised contact with children enrolled in such classrooms or programs.

Before beginning initial employment or volunteer service and at least every ~~three~~five years thereafter, each child care provider must complete a criminal background check that meets the requirements of G.S. 110-90.2, 42 U.S.C. 9858f, and 45 C.F.R. 98.43 and present a letter issued by DCDEE indicating that the individual is qualified to have responsibility for the safety and well-being of children based on the individual's criminal history.

~~After September 30, 2019, n~~No person shall (1) be employed, continue to be employed, or be permitted to volunteer as a child care provider, or to otherwise have unsupervised contact with students enrolled in a licensed classroom or program operated by the school system or (2) be counted in the staff/child ratio of such classroom or program, unless the person holds a ~~current~~ valid qualification letter issued by DCDEE. However, a child care provider with provisional status may be employed pending final results of the criminal background check but shall be subject to the restrictions established by 10A N.C.A.C. 09 .2703(f).

The application fee and cost of fingerprinting associated with the DCDEE criminal history check process shall be borne by the board.

A child care provider who has incurred any pending charges, indictments, or convictions (other than minor traffic offenses) since the last qualification letter was issued by DCDEE shall notify the assistant superintendent of human resources in writing of such charges within five business days or before returning to work, whichever comes first. The assistant superintendent of human resources shall notify DCDEE within one business day of being notified.

The superintendent or designee shall include the criminal history mandatory reporting requirement in all new employee orientation information for child care providers. The superintendent shall also be responsible for establishing effective recordkeeping methods and other processes as necessary to ensure compliance with all legal requirements pertaining to criminal history record checks of child care providers.

E. SELECTION

1. Qualifications

Candidates for employment must be selected based upon their likely ability to fulfill duties identified in the job description as well as performance standards established by the board. In making the determination, the following information must be

considered:

- a. application;
- b. education and training;
- c. licensure and certification (when applicable);
- d. relevant experience;
- e. personal interviews; and
- f. references and/or background checks.

When several applicants for the same position are equally qualified and suitable for the position, employees within the school system will be given priority.

2. Nepotism

- a. For purposes of this subsection, the following definitions apply.
 - i. “Immediate family” means spouse, parent, child, brother, sister, grandparent, or grandchild. The term includes the step, half, and in-law relationships.
 - ii. “Central office staff administrator” includes directors, supervisors, specialists, staff officers, assistant superintendents, area superintendents, superintendents, and principals.
- b. Before any immediate family of any board of education member or central office staff administrator is employed by the board or engaged in any capacity as an employee, independent contractor, or otherwise, (1) the board member or central office staff administrator must disclose the familial relationship to the board and (2) the prospective employment or engagement must be approved by the board in a duly called open session meeting.
 - i. An employee who knowingly fails to disclose a familial relationship to the board as required will be subject to disciplinary action up to and including dismissal.
 - ii. Notification by the employee to the assistant superintendent of human resources will be deemed disclosure to the board. The assistant superintendent of human resources is responsible for conveying the disclosure to the board before the board takes action on the prospective employment or engagement.

- iii. In addition to applying to employees, this policy applies to volunteer athletic coaches.
- c. When making recommendations for the selection and assignment of personnel, the superintendent shall attempt to avoid situations in which one employee occupies a position in which he or she has influence over the employment status, including hiring, salary, and promotion, of another employee who is a member of the first employee's immediate family.
- d. No administrative or supervisory personnel may directly supervise a member of his or her immediate family.

3. Employment Procedures

All applicants selected for employment must be recommended by the superintendent and approved by the board. In situations in which the employee must be hired between board meetings, the superintendent is authorized to approve hiring such personnel, contingent upon approval by the board at its next scheduled board meeting.

State guidelines must be followed in selection and employment procedures. The superintendent shall develop any other procedures necessary to implement this policy.

The superintendent shall develop procedures for verifying new employees' legal status or authorization to work in the United States as required by law.

DRAFT

The board intends to comply fully with all licensure requirements of the Elementary and Secondary Education Act, state law, and State Board of Education policies.

A. LICENSURE AND OTHER QUALIFICATION REQUIREMENTS

1. Except as otherwise permitted by the State Board of Education or state law, a person employed in a professional educator position must hold at all times a valid North Carolina professional educator's license appropriate to his or her position.
2. To the extent possible, all professional teaching assignments will be in the area of the professional employee's license except as may be otherwise allowed by state and federal law and State Board policy.
3. The board may employ candidates entering the teaching profession from other fields who hold a residency license or an emergency license.
4. In extenuating circumstances when no other appropriately licensed professionals or persons who are eligible for a residency license are available to fill a position, the board may employ an individual who holds a permit to teach issued by the State Board of Education.

B. EXCEPTIONS TO LICENSURE REQUIREMENTS

1. Adjunct CTE Instructors

An unlicensed individual who meets the adjunct hiring criteria established by the State Board of Education for a specific career and technical education (CTE) career cluster may be employed as an adjunct CTE instructor for up to 20 hours per week or up to five full consecutive months of employment, provided the individual first completes preservice training and meets all other statutory requirements for serving as an adjunct instructor established by G.S. 115C-157.1.

2. Adjunct Instructors in Core Academic Subjects, Fine and Performing Arts, and Foreign Languages

In accordance with G.S. 115C-298.5, an unlicensed faculty member of a higher education institution who meets the adjunct hiring criteria established by the State Board of Education may be employed as a temporary adjunct instructor for specific core academic subjects, fine and performing arts, and foreign language courses in grades kindergarten through twelve provided the individual first completes preservice training and meets all other statutory and State Board of Education requirements.

In addition, an individual with a related bachelor's or graduate degree may be employed as a temporary adjunct instructor to teach high-school level courses in core academic subjects, fine and performing arts, and foreign language in the individual's area of specialized knowledge or work experience provided the individual first completes preservice training required under G.S. 115C-298.5(a1).

3. Interim Principals

A retired former principal or assistant principal may be employed as an interim principal for the remainder of any school year, regardless of licensure status.

4. Cherokee Language and Culture Instructors

An individual approved to teach in accordance with an MOU entered into pursuant to G.S. 115C-270.21 will be authorized to teach Cherokee language and culture classes without a license.

5. Driver Education Instructors

An individual, ~~who is~~ not licensed in driver education, is authorized to work as a driver education instructor if the individual holds Certified Driver Training Instructor status according to minimum standards established by State Board of Education ~~Policy~~ [DRIV-003](#).

6. Service Members and their Spouses Relocating to North Carolina

A service member or the spouse of a service member who is under military orders to relocate to North Carolina, is in possession of a current educator's license from another jurisdiction, and meets any other conditions established by 50 U.S.C. 4025a or State Board of Education [Policy LICN-001](#) will be considered to hold a valid North Carolina educator's license until the military orders expire or June 30th of the year in which the military orders expire, whichever is later.

C. BEGINNING TEACHER SUPPORT PROGRAM

The superintendent or designee shall develop a plan and a comprehensive program for beginning teacher support. The plan must be approved by the board and the Department of Public Instruction and kept on file for review. The plan must be aligned to the State Board of Education's beginning teacher support program standards and, when monitored, must demonstrate proficiency. The school system will also participate in implementing a regionally-based annual peer review and support system.

Teachers with fewer than three years of teaching experience will be required to participate in the Beginning Teacher Support Program.

D. LICENSE CONVERSION

Teachers must meet all requirements of the State Board of Education in order to move from an initial professional license or residency license to a continuing professional license or to move from a continuing professional license to a lifetime license.

E. LICENSE RENEWAL

Licensure renewal is the responsibility of the individual, not of the school system. Any employee who allows a license to expire must have it reinstated prior to the beginning of the next school year. A teacher whose license has expired is subject to dismissal.

The school system may offer courses, workshops, and independent study activities to help school personnel meet license renewal requirements. Any renewal activity offered must be consistent with State Board of Education policy. In addition, the superintendent or designee shall develop a procedure to determine the appropriateness of any credit offered in advance of renewal activities.

Decisions regarding the employment of teachers who fail to meet the required proficiency standard for renewal of a continuing professional license will be made in accordance with G.S. 115C-270.30(b)(4) and applicable State Board of Education requirements. The superintendent or designee shall determine the professional development required of a teacher whose continuing professional license has reverted to an initial professional license and/or has expired due to performance issues. The superintendent or designee may authorize or direct principals to prescribe professional development to such employees in accordance with the employee's demonstrated deficiencies.

Although lifetime license holders do not have to complete continuing education credits to maintain licensure, the superintendent may require them to participate in professional development opportunities as a condition of employment. (See policy 7701, Professional and Staff Development.)

F. PARENTAL NOTIFICATION

At the beginning of each school year, school system officials shall notify the parents or guardians of each student attending a Title I school or participating in a Title I program of their right to request the following information about qualifications of their child's teacher: whether the teacher has met NC qualification and licensing criteria for the grade level(s) and subject area(s) in which the teacher provides instruction; whether the teacher is teaching under emergency or other provisional status through which North Carolina qualification or licensing criteria have been waived; whether the teacher is teaching in the field of discipline of his or her certification; and whether the child is provided services by a paraprofessional, and if so, the paraprofessional's qualifications.

The school system will give notice within 10 school days to the parents of children who have been assigned or, after four consecutive weeks, have been taught by a teacher who

does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

G. EQUITABLE DISTRIBUTION OF TEACHERS

The superintendent shall assess whether low-income, minority, learning disabled, and/or English learners are being taught by inexperienced, ineffective, or out-of-field teachers at higher rates than students who do not fall into these categories and shall develop a plan to address any such disparities. If DPI does not require such a plan of the LEA, the superintendent is not required to develop a plan under this subsection unless he or she determines that one is needed to address inequities within the school system.

The board of education believes that it is important for employees to have leave available to attend to personal, civic, and professional matters as well as to meet family commitments. This need for leave is to be balanced with the need to provide an effective instructional program for students. No employee may be discharged, demoted, or otherwise subjected to adverse employment action for taking leave in accordance with board policies and administrative procedures.

All requests for leave, with or without pay, must be addressed in accordance with state and federal law, as well as policies promulgated by the State Board of Education, including those specified in the most current edition of the *North Carolina Public Schools Benefits and Employment Policy Manual*, available at <https://www.dpi.nc.gov/districts-schools/districts-schools-support/district-human-capital/employee-policy>.

In addition to applicable laws and regulations, this board policy applies to leave requests. The information in this policy is intended to supplement, not replace, the requirements of law and the State Board of Education. In the event that changes to State or federal law or regulation conflict with current State Board or local board policies, the board intends that its leave practices be modified to the extent necessary to comply with current law until such time as conforming changes to State Board and/or local board policy are made.

The superintendent shall develop any necessary administrative procedures and make them available to employees upon request.

A. MINIMUM LEAVE TIME

An employee may take any type of leave in increments of hours unless otherwise specified in this policy.

B. CONTINUOUS LEAVE OF MORE THAN 10 DAYS

An employee must comply with the notice and verification requirements provided in policy 7520, Family and Medical Leave, for any continuous leave of more than 10 days if: (1) the leave also is eligible for leave under the Family and Medical Leave Act (FMLA), defined in policy 7520, and (2) the leave is designated as FMLA-eligible at the time it is taken or as soon as is feasible thereafter. See policy 7520, Family and Medical Leave.

C. SICK LEAVE

The superintendent or designee may require a statement from a medical doctor or other acceptable proof that the employee was unable to work due to illness or injury. Employees who anticipate using sick leave should inform their immediate supervisor in advance so that arrangements may be made to reassign the employee's duties during the period of absence.

D. PAID PARENTAL LEAVE

An employee shall provide his or her supervisor and the assistant superintendent of human resources with 10 weeks' advance written notice of the intent to take paid parental leave when it is reasonably possible to do so. If 10 weeks' advanced written notice is not reasonably possible, the employee must provide as much notice as is reasonable under the circumstances.

D.E. PERSONAL LEAVE

Personal leave must be used in half or whole day units. Personal leave may be used only upon the authorization of the teacher's immediate supervisor and in accordance with legal requirements and procedures established by the superintendent.

E.F. VACATION LEAVE

Vacation may be taken only upon the authorization of the employee's immediate supervisor and in accordance with legal requirements and procedures established by the superintendent.

To promote the efficient operation of the schools, the superintendent may designate certain periods during the nonacademic year as preferred vacation periods for 12-month employees.

E.G. COMPENSATORY LEAVE

Because professional employees are expected to fulfill all job duties, compensatory leave should apply only in extraordinary circumstances.

Employees who are not exempt from the provisions of the Fair Labor Standards Act may accrue compensatory time (comp time) as described in policy 7500, Workday and Overtime. Supervisors shall arrange for employees to take comp time within one pay period following the time it is earned, if possible; however, the superintendent or designee may exempt certain employees or categories of employees from this requirement when deemed necessary for the proper administration of the school system.

An employee must obtain approval from his or her immediate supervisor before taking compensatory leave.

G.H. LEAVE TO TEACH AT A CHARTER, REGIONAL, OR LAB SCHOOL

Leave of absence to teach for one year at a charter, regional, or lab school will be granted to a teacher upon timely written request to the board. The request must be provided at least 45 days before the teacher would otherwise have to report for duty if it is the initial year of the charter/regional/lab school's operation and at least 90 days if it is after the charter/regional/lab school's initial year of operation. The teacher may return to work in

the school system in accordance with the provisions of applicable state law.

H.I. DISCRETIONARY LEAVE OF ABSENCE WITHOUT PAY

An employee, who wishes to take leave that is not eligible for any other specific type of leave, may be granted a leave of absence without pay for a period of up to one calendar year at the discretion of the superintendent with approval from the board.

The employee is expected first to consult with his or her immediate supervisor and then to provide advance written notice (60 days if possible) stating the beginning and ending dates of the desired leave of absence. The superintendent may request documentation from the employee in support of his or her request. In determining the length of the leave of absence without pay that will be approved, due and proper consideration must be given to the welfare of the students as well as the employee. The superintendent may require the employee to give notice of his or her intent to return to work at reasonable time intervals during the leave.

Once a leave of absence without pay has been requested by an employee and approved by the board, the dates are binding unless both parties agree to a change.

H.J. OTHER LEAVE

Other types of leave, such as leave for observance of a bona fide religious holiday, professional leave, community responsibility leave, leave for jury duty or court attendance, elected officials leave, parental involvement in schools leave, parental leave without pay, and military leave (see policy 7531, Military Leave), will be granted in accordance with the requirements of law and State Board of Education policy.

11/21/2022

All eligible employees will be provided leave as required by the federal Family and Medical Leave Act of 1993 (FMLA), as amended, and applicable state laws and State Board of Education policies. The FMLA allows eligible employees to take job-protected, unpaid leave, or to substitute appropriate paid leave if the employee has earned or accrued it, for up to a total of 12 workweeks (or 26 workweeks in certain cases) in any 12-month period for certain qualifying conditions or events. The employee may continue to participate in the school system's group insurance plan while on FMLA leave.

This policy is intended for guidance only and is not intended to alter or expand the school system's responsibilities beyond the requirements of law. If any provision of this policy is inconsistent with federal law or regulation, the federal rule must take precedence. The superintendent is authorized to develop additional regulations for FMLA leave consistent with the requirements of the law and this policy. Employees can find more information about FMLA leave in the *North Carolina Public Schools Benefits and Employment Policy Manual*.

The board strictly prohibits interfering with, restraining, or denying the ability of any employee to exercise any right provided by the FMLA. The board also strictly prohibits any type of discrimination against or discharge of an employee who has filed a complaint in regard to the FMLA. A copy of this policy will be provided to each employee upon hiring.

A. DEFINITIONS

1. Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job or prevents the qualified family member from participating in school or other daily activities.

2. Continuing Treatment

Subject to certain conditions, the continuing treatment requirement in the above definition of "serious health condition" may be met by a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment or incapacity due to pregnancy or a chronic condition. Other conditions may meet the definition of continuing treatment.

3. Other Terms

Unless otherwise noted, all terms in this policy must be defined in accordance with 29 C.F.R. pt. 825.

B. ELIGIBILITY

Generally, employees are eligible for unpaid FMLA leave if they have:

1. been employed by the school system for at least 12 months (not necessarily consecutively); and
2. worked at least 1,250 hours during the previous 12 months.

Further information about these requirements can be found in the Code of Federal Regulations at 29 C.F.R. 825.110.

C. QUALIFYING CONDITIONS

Except in cases of leave to care for a covered servicemember with a serious illness or injury, an eligible employee is entitled to a total of 12 workweeks of FMLA leave during any 12-month period for any one or more of the following reasons:

1. the birth and first-year care of the employee's child;
2. adoption or foster placement of a child with the employee;
3. a serious health condition of the employee or the employee's spouse, child, or parent;
4. a qualifying exigency (see Section F) arising out of the fact that the spouse or a son, daughter, or parent of the employee has been deployed, or is on notice of an impending deployment to a foreign country as a member of the regular Armed Forces on active duty or as a member of the Reserve components of the Armed Forces under a federal call or order to active duty in support of a contingency operation; or
5. to care for a covered servicemember with a serious illness or injury ("covered servicemember" and "serious injury or illness" are defined in federal regulation 29 C.F.R. 825.127). An employee who is a spouse, son, daughter, parent, or next of kin of the servicemember may take leave for a period of up to 26 workweeks under this provision.

D. DETERMINING THE 12-MONTH LEAVE PERIOD

The 12-month period during which an employee is eligible for FMLA leave will be from July 1 to June 30, except that the period for leave to care for a covered servicemember with a serious injury or illness begins on the first day the employee takes leave for this reason and ends 12 months later.

E. ENTITLEMENT TO LEAVE

Eligible employees may take leave as follows:

1. **Medical leave for serious health conditions:** A combined total of 12 workweeks during a 12-month period. The leave may be taken intermittently or on a reduced leave schedule as is medically necessary.
2. **Family leave for pregnancy, birth of a child, or placement of a child for foster care or adoption:** A combined total of 12 consecutive workweeks during a 12-month period. Eligibility for FMLA leave expires 12 months from the birth, foster care placement, or adoption of the child. Leave must be used in a single block of time unless the board agrees to another arrangement.
3. **Military service exigency:** A combined total of 12 workweeks during a 12-month period. The leave may be taken intermittently or on a reduced leave schedule.
4. **Leave to care for injured servicemember:** A combined total of no more than 26 workweeks during a single 12-month period. The leave may be taken intermittently or on a reduced leave schedule. If combined with other types of FMLA leave, the total leave taken in a single 12-month period still may not exceed 26 weeks.
5. **Spouses employed by the school system:** Spouses who are both employed by the school system and eligible for FMLA leave are limited in the amount of family leave they may take for the birth and care of a newborn child, for the placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a combined total of 12 weeks (or 26 weeks if leave to care for a covered servicemember with a serious injury or illness is also used).

F. QUALIFIED MILITARY SERVICE EXIGENCIES

A military service exigency that qualifies for FMLA leave must be defined in accordance with federal regulations. Qualified exigencies may include:

1. short-notice deployment;
2. military events and related activities;
3. school and childcare activities;
4. financial and legal arrangements;
5. counseling;
6. rest and recuperation leave;

7. post-deployment activities;
8. parental care; and
9. additional activities agreed upon by the board and employee.

G. INTERMITTENT OR REDUCED WORK SCHEDULE

1. An employee may take FMLA leave on an intermittent or reduced leave schedule as required for the health of the employee or family member, due to a qualifying exigency, or as otherwise approved by the superintendent. The employee must make a reasonable effort to schedule treatment so as not to disrupt unduly the operations of the school. Whenever possible, the employee should discuss scheduling with his or her immediate supervisor prior to scheduling any medical treatment in order to accommodate the work schedule.
2. An employee who requests intermittent or reduced leave time for medical treatment of a serious health condition may be required to give the reasons for the intermittent or reduced leave schedule and the schedule for treatment.
3. To better accommodate an employee's need for intermittent or reduced leave for a serious health condition, the school system may require an employee to take an alternative position during the period of leave. The alternative position must have equal pay and benefits, but it does not have to have equivalent duties.
4. Employees may take intermittent leave in increments of one hour.
5. Instructional personnel are subject to special rules for taking intermittent or reduced leave. (See Section H.)

H. INSTRUCTIONAL PERSONNEL

The following special rules apply to instructional personnel only. For the purposes of this policy, instructional personnel are teachers, athletic coaches, driving instructors, special education assistants, and any other employees whose principal function is to teach and instruct students.

1. Use of Intermittent or Reduced Schedule Leave
 - a. Instructional employees may use intermittent or reduced schedule leave only when the employee and the school system have reached an agreement on how the leave will be used.
 - b. If an instructional employee requests intermittent or reduced schedule leave for more than 20 percent of the workdays of the duration of a leave due to medical treatment, the school system may require the employee to take

continuous leave for up to the entire duration of the scheduled leave or to transfer to an alternative position with equivalent pay and benefits for the period of leave.

- c. Instructional employees who take intermittent or reduced schedule leave that constitutes 20 percent or less of the workdays during the leave period are not subject to transfer to an alternative position.

2. Extension of FMLA Leave at School System Discretion

The school system may require instructional personnel to continue leave through the end of the school semester if any of the following conditions exist:

- a. the leave will begin more than five weeks before the end of the term; the leave will last at least three weeks; and the employee would return to work in the last three weeks of the academic term;
- b. the leave is for a purpose other than the employee's own serious health condition or for a military exigency; the leave will begin in the last five weeks of the term; the leave will last more than two weeks; and the employee would return to work during the last two weeks of the academic term; or
- c. the leave is for a purpose other than the employee's own serious health condition or for a military exigency; the leave will begin in the last three weeks of the term; and the leave will last at least five days.

If the school system requires an instructional employee to take leave until the end of the academic term, only the period of leave until the employee is ready and able to return to work will be charged against the employee's FMLA entitlement.

I. EMPLOYEE'S RESPONSIBILITY WHEN REQUESTING LEAVE

To ensure that employees receive proper notification of their rights and responsibilities and that leave is properly designated, all employees requesting any type of leave must make the request to the assistant superintendent of human resources or designee.

1. Employee's Responsibilities When Leave is Foreseeable

- a. The employee must provide 30 days' advance notice of the need to take FMLA leave when the need is foreseeable. If this amount of notice is not possible, then notice must be given as soon as practicable, taking into account all of the facts and circumstances.
- b. The employee must provide sufficient information for the school system reasonably to determine (1) whether the FMLA may apply to the leave

request and (2) the anticipated timing and duration of the leave. This information would include, for example, notice that the employee is unable to perform job functions, notice that the family member is unable to perform daily activities, notice of the need for hospitalization or continuing treatment by a health care provider, or notice of circumstances supporting the need for military family leave.

- c. If the employee does not provide 30 days' notice and there is no reasonable justification for the delay, the school system may delay the FMLA leave until at least 30 days after the employee provides notice of the need for FMLA leave.
- d. If an instructional employee fails to give the required notice of foreseeable leave for an intermittent or reduced leave schedule, the school system may require the employee to take continuous leave for the duration of his or her treatment or may temporarily transfer the employee to an alternative position for which the employee is qualified and that has the same benefits. (See Section H.)

2. Employee's Responsibilities When Leave is Not Foreseeable

- a. When leave is not foreseeable, the employee must comply with the usual school system procedures for notifying his or her supervisor of the absence and requesting leave, including any applicable requirements established by policy 7510, Leave. If the employee fails to do so, the leave may be delayed or denied.
- b. When giving notice of an absence, the employee must inform the supervisor if the requested leave is for a reason for which FMLA leave was previously taken or certified.
- c. The employee also must notify the assistant superintendent of human resources or designee of the need for FMLA leave as soon as practicable.
- d. All employee responsibilities in the FMLA for notice, medical certification, fitness for duty certification, and notice of intent to return to work apply as specified in this policy and policy 7510.

J. SCHOOL SYSTEM'S DESIGNATION AND NOTICE TO EMPLOYEE

- 1. Whether or not the employee specifically requests FMLA leave, the assistant superintendent of human resources or designee is responsible for asking any questions of the employee necessary to make a determination of whether the leave is FMLA-eligible, unless the employee has already requested and received FMLA leave or certification for the same condition or event. The assistant superintendent may require the employee to provide notice of the need and the reason for leave.

2. The assistant superintendent for human resources or designee shall provide all legally-required notices to the employee within five days of receiving this information or otherwise learning that an employee's leave may be for an FMLA-qualifying reason, unless there is a justifiable delay, such as a delay for documentation.

The required notices must indicate whether the employee is eligible under the FMLA. If the employee is eligible, the notice must specify any additional information required from the employee and must explain the employee's rights and responsibilities under the FMLA. If the employee is not eligible, the notice must provide a reason for the ineligibility. The required notices also must state whether the leave will be designated as FMLA-protected and, if so, the amount of leave that will be counted against the employee's leave entitlement.

3. Leave may be designated as both FMLA-eligible and as leave under the school system's paid leave policy if paid leave has been substituted. Such leave would be counted toward the employee's 12-week FMLA entitlement. In addition, the assistant superintendent of human resources may designate an absence (taken as paid or unpaid leave) that meets the criteria for an FMLA-qualifying absence as part of the employee's total FMLA entitlement, whether or not the employee has requested FMLA leave. (See Section M.)
4. Leave that has been taken for an FMLA-qualifying reason may be retroactively designated as FMLA leave with appropriate notice to the employee, provided that such designation does not cause harm or injury to the employee.

K. CERTIFICATION

The school system reserves the right to require employees to provide certification of any FMLA-qualifying event or condition of the employee or the employee's spouse, child, parent, or next of kin, including certification for military exigency leave. The school system will not request more medical certification information than that allowed by the FMLA and the Americans with Disabilities Act. The assistant superintendent may request a second or third opinion at the school system's expense if reason to doubt the validity of a medical certification exists. The school system may require periodic recertification to support the leave, as permitted by law.

L. RETURN TO WORK

The school system may require an employee to periodically report on his or her status and intent to return to work. Any employee who is taking leave through the end of an academic semester must report on his or her intent to return to work no later than four weeks before the end of the academic semester. In addition, the school system may require the employee to report on his or her intent to return to work on a regular basis while on FMLA leave.

Before an employee returns to work from FMLA leave taken for the employee's own serious health condition, the employee must present a "fitness-for-duty" certification that states that the employee is able to return to work. This requirement does not apply to an employee taking intermittent leave unless the employee's condition presents a reasonable safety concern.

M. SUBSTITUTION OF PAID LEAVE

1. The school system will substitute appropriate paid leave, including sick leave, parental leave, personal leave, and vacation time for unpaid, FMLA leave to the extent allowed by law and policy, giving proper notice to the employee that the leave is designated as FMLA. If an employee has exhausted his or her accrued paid leave but an FMLA-qualifying reason for absence continues, the school system will designate resulting absences as protected FMLA leave until the employee has used all allowable FMLA leave. Such absences will be unpaid.
2. When an employee has an absence (taken as paid or unpaid leave) that meets the criteria for an FMLA-qualified absence, the school system may, with proper notice to the employee, designate the absence as part of the employee's total annual FMLA entitlement. If the absence continues for more than 10 days, all employee responsibilities in the FMLA to provide notice for foreseeable and unforeseeable leave, medical certification, fitness for duty certification, and notice of intent to return to work apply as specified in this policy and policy 7510.
3. An employee must not be permitted to use paid leave before beginning FMLA leave if it has been determined that the employee's reason for using paid leave meets the FMLA eligibility requirements.

N. RESTORATION TO EQUIVALENT POSITION

1. Generally

Employees, except "key" employees, will be restored to the same or an equivalent position upon return from FMLA leave.

The equivalent position will have virtually identical pay, benefits, and working conditions, including privileges, perquisites, and status, as the position the employee held prior to the leave. The position also must involve substantially similar duties and responsibilities, which must entail substantially equivalent skill, effort, responsibility, and authority. All positions within the same job classification are considered "equivalent positions" for the purposes of this policy, so long as these conditions are met. For licensed employees, all positions with the same salary and licensure requirements also will be considered equivalent positions, so long as these conditions are met.

2. Key Employees

Key employees do not have the right to be restored to the same or an equivalent position upon their return from FMLA leave. Key employees are salaried FMLA-eligible employees who are among the highest paid 10 percent of all employees. If restoring a key employee would result in substantial and grievous economic injury to the school system, then the school system has no obligation to restore the employee to the same or an equivalent position.

An employee will be informed at the time leave is taken if he or she is considered a key employee and will be informed once a determination is made that the employee will not be restored to the same or an equivalent position upon return from FMLA leave. A key employee who has been informed that he or she will not be restored still has the right to health benefits for the full period in which he or she is eligible for FMLA leave.

O. CONTINUATION OF HEALTH BENEFITS

Health care coverage and benefits will be continued for the duration of an employee's FMLA leave on the same conditions as would have been provided if the employee had continued working. Employees do not have the right to the accrual of earned benefits during FMLA leave. If an employee takes intermittent or reduced leave, he or she has the right to maintain the same health care benefits, but earned benefits may be reduced in proportion to hours worked when such a reduction is normally based upon hours worked.

The school system may recover from the employee the cost of health insurance premiums paid on behalf of the employee while the employee was on unpaid FMLA leave if the employee does not return to work after the leave, so long as the reason for not returning does not relate to a serious health condition or to circumstances beyond his or her control.

P. POSTING REQUIREMENT

The superintendent or designee shall ensure that notices of FMLA provisions and information on procedures for filing complaints are posted in places that are readily accessible to employees and applicants.

Q. RECORDKEEPING REQUIREMENT

The human resources office shall maintain records of the following information for at least three years: basic payroll and identifying employee data, the dates (or hours) of FMLA leave taken by each employee, and premium payments of employee benefits. Medical information, such as that relating to medical certifications, also will be maintained in the human resources office in confidential medical records.

The assistant superintendent will maintain for at least three years copies of employee notices, including general and specific notices, any other documents describing employee

benefits or policies, and records of disputes between the school system and any employee regarding designation of FMLA leave.

R. ENFORCEMENT

An employee may file a complaint with the U.S. Department of Labor or bring a private lawsuit against the school system for violations of the FMLA.

FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law that provides greater family or medical leave rights.

S. OUTSIDE EMPLOYMENT/FALSIFICATION OF RECORDS

The school system may deny FMLA benefits to an employee who engages in self-employment or employment for any employer while on continuous leave if the employee fraudulently obtained FMLA leave. Falsification of records and failure to correct records known to be false are violations of this policy and will result in discipline, which may include termination from employment.

Adopted: 07/16/2001

Revised: 12/16/2013

Employees are expected to avoid engaging in any conduct that creates or gives the appearance to the public of creating a conflict of interest with their job responsibilities. Employees shall not engage in or have a financial interest, directly or indirectly, in any activity that conflicts with duties and responsibilities in the school system. Although conflicts of interest are not limited to those described in this policy, at a minimum employees must comply with the board directives established below. In addition, employees engaged directly or indirectly in the school system's procurement, purchasing, and/or contracting process must comply with policy 8610, Ethics and the Purchasing Function.

A. CONTRACTS WITH THE BOARD

An employee shall not do any of the following:

1. obtain a direct benefit from a contract that he or she is involved in making or administering on behalf of the board, unless an exception is allowed pursuant to G.S. 14-234 or other law;
2. participate in the selection, award, or administration of a contract supported in whole or in part by federal funds if the employee has a real or apparent conflict of interest as described in policy 8685, Federal Grant Administration;
3. influence or attempt to influence anyone who is involved in making or administering a contract on behalf of the board when the employee will obtain a direct benefit from the contract; or
4. solicit or receive any gift, favor, reward, service, or promise of reward, including a promise of future employment, in exchange for recommending, influencing, or attempting to influence the award of a contract by the board.

An employee is involved in administering a contract if he or she oversees the performance of the contract or has authority to interpret or make decisions regarding the contract. An employee is involved in making a contract if he or she participates in the development of specifications or terms of the contract or participates in the preparation or award of the contract.

An employee derives a direct benefit from a contract if the employee or his or her spouse does any of the following: (1) has more than a 10 percent ownership or other interest in an entity that is a party to the contract; (2) derives any income or commission directly from the contract; or (3) acquires property under the contract. An exception is allowed for employment contracts between the board and the spouse of the superintendent if approved by the board in an open session meeting in accordance with the requirements of state law and subsection D.2 of policy 7100, Recruitment and Selection of Personnel.

B. MISUSE OF INFORMATION

An employee shall not do any of the following:

1. use information, which was learned in the employee's role as an employee and which has not been made public, to acquire a financial interest or gain a financial benefit, or to intentionally help another do so; or
2. acquire or gain, or intentionally help another person to acquire or gain, a financial interest or benefit in contemplation of official action by the employee or the school system.

C. NON-SCHOOL EMPLOYMENT

The board recognizes that some employees may pursue additional compensation on their own time. Any such employee shall not engage in the following:

1. non-school employment that adversely affects the employee's availability or effectiveness in fulfilling job responsibilities;
2. work of any type in which the sources of information concerning customer, client, or employer originate from any information obtained through the school system;
3. work of any type that materially and negatively affects the educational program of the school system;
4. any type of private business using system facilities, equipment, or materials, unless prior approval is provided by the superintendent; or
5. any type of private business during school time or on school property, unless prior approval is provided by the superintendent.

The superintendent may grant prior approval for work performed under subsections C.4 and C.5 above if such work enhances the employee's professional ability or professional growth for school-related work. The superintendent may establish reporting procedures that require employees to notify the school system of any non-school employment.

Except as otherwise provided in the superintendent's contract, the superintendent is subject to the provisions of this section on non-school employment and shall seek prior approval from the board before engaging in consulting or other employment activities outside the school system. The board expects the superintendent to comply with all sections of this policy and all state and federal laws regarding conflicts of interest in his or her position as superintendent.

D. RECEIPT OF GIFTS

No employee may solicit or accept any gifts from any potential or current provider of E-rate services or products in violation of federal E-rate program gifting rules.

No employee may solicit or accept trips, meals, favors, or other gifts or items of monetary value from any other person or group desiring to do or doing business with the school system, unless such gifts are of nominal value (\$50 or less) and (1) are instructional products or advertising items that are widely distributed; (2) are honorariums for participating in a meeting; (3) are meals served at a banquet; or (4) are approved for receipt by the superintendent or designee. These exceptions for gifts of nominal value do not apply to employees involved in purchasing and procurement activities except as provided in policies 8610, Ethics and the Purchasing Function, and 8685, Federal Grant Administration, and applicable state and federal law.

E. ~~VIOLATIONS~~ TRAINING

The superintendent or designee shall ensure that all personnel are aware of the requirements of this policy and applicable conflict of interest laws.

As required by G.S. 115C-335.15, employees who are involved in the making or administering of contracts shall receive conflicts of interest training that includes position-specific education on conflicts of interest and ethical standards of conduct. The training must be provided by qualified sources approved by the board.

F. VIOLATIONS

Any individual aware of any violation of this policy, policy 2150, Board Member Conflict of Interest, policy 8610, Ethics and the Purchasing Function, the conflict of interest provisions of policy 8685, Federal Grant Administration, or applicable conflict of interest laws shall report such violation in accordance with policy 1760/7233, Prohibition Against Retaliation. Employees who violate this policy, policy 8610, or the conflict of interest provisions of policy 8685, will be subject to disciplinary action.

Adopted: 07/16/2001

Revised: 12/17/2012, 02/15/2016, 12/17/2018,

The board is committed to conducting the purchasing function in an ethical manner and in compliance with state and federal laws and regulations. The board expects all employees who are directly or indirectly involved in any aspect of the purchasing function to be aware of and comply with all current state and federal laws and regulations as these standards apply to the school system's purchasing activities.

A. STANDARDS OF CONDUCT

Employees directly or indirectly involved in any aspect of the school system's procurement, purchasing, and/or contracting process for apparatus, materials, equipment, supplies, services, real property, or construction or repair projects, regardless of source of funds, must adhere to the following standards of conduct and those established in policies 7620, Employee Conflict of Interest, and 8685, Federal Grant Administration.

1. Employees are expected to make all purchasing-related decisions in a neutral and objective way based on what is in the best interest of the school system and not in consideration of actual or potential personal benefit.
2. Employees shall not participate, directly or indirectly, in making or administering any contract from which they will obtain a direct benefit, unless an exception is allowed pursuant to law.

An employee obtains a direct benefit when the employee or his or her spouse will receive income, commission, or property under the contract or the employee or spouse has more than a 10 percent interest in an entity that is a party to the contract. See G.S. 14-234 and policy 7620, Employee Conflict of Interest.

Participation in making or administering a contract includes, but is not limited to, participating in the development of specifications or contract terms; obtaining or reviewing bids; preparation or award of the contract; and having the authority to make decisions about, interpret, or oversee the contract.

3. Employees shall not participate, directly or indirectly, in the selection, award, or administration of a contract supported in whole or part by a federal grant or award if the employee has a real or apparent conflict of interest. See 2 C.F.R. 200.318 and policy 8685, Federal Grant Administration.

A real or apparent conflict exists when the employee, his or her immediate family member or partner, or an organization which employs or is about to employ any of those individuals, has a financial or other interest in or receives a tangible personal benefit from a firm considered for a contract. For purposes of this subsection, a "financial interest" means a financial interest which comprises more than five percent of the equity of the firm or business or more than five percent of the assets

of the economic interest in indebtedness. It does not include an ownership interest held through a fiduciary, such as a mutual fund or blind trust, where the individual or individual's employer has no control over the selection of holdings.

4. Employees shall not influence or attempt to influence any person involved in making or administering a contract from which the employee will obtain a direct benefit as described in paragraph 2, above.
5. Employees shall not solicit or receive any gift, favor, reward, service, or promise of reward, including a promise of future employment, in exchange for recommending, influencing, or attempting to influence the award of a contract by the school system.
6. Employees shall notify the superintendent or designee in writing if they have an actual or potential conflict of interest under this policy or applicable state or federal law that would disqualify them from performing any aspect of their job responsibilities.

- DRAFT**
7. Employees shall not solicit or accept trips, meals, gratuities, gifts, favors, or anything of monetary value from current or recent (within the past year) contractors, subcontractors, or suppliers, or any persons or entities that foreseeably may bid on a contract in the future, unless the item is an unsolicited gift of nominal value (\$50 or less), and is one of the following: an advertising item or souvenir that is widely distributed; an honorarium for participating in a meeting; a meal provided at a banquet; or other item that is clearly permitted by state and federal law. Multiple permitted items from a single contractor may not exceed an aggregate value of \$100 in a twelve-month period.

Employees shall inform existing and potential contractors, subcontractors, and suppliers about these restrictions.

8. Employees shall not solicit or accept any gift from a current or potential provider of E-rate services or products in violation of applicable federal E-rate program gifting rules.
9. Employees shall not divulge confidential information to any unauthorized person. Confidential information includes, but is not limited to (1) the school system's cost estimate for any public contract, prior to bidding or completion of other competitive purchasing processes; and (2) the identity of contractors who have obtained proposals for bid purposes for a public contract, until the bids are opened in public and recorded in the board minutes.
10. An employee shall not misuse information in violation of G.S. 14-234.1. Specifically, an employee shall not, in contemplation of the employee's own official action or that of the board or others acting on behalf of the school system, or in reliance on information known to the employee in his or her official capacity

and not made public, to:

- a. acquire a financial interest in any property, transaction, or enterprise;
- b. gain a financial benefit that may be affected by the information or contemplated action; or
- c. intentionally aid another to acquire a financial interest or gain a financial benefit from the information or contemplated action.

B. TRAINING

The superintendent or designee shall ensure that all affected ~~personnel~~ employees are aware of board policy requirements and applicable laws.

As described in policy 7620, Employee Conflict of Interest, employees who are involved in the making or administering of contracts shall receive conflicts of interest training that includes position-specific education on conflicts of interest and ethical standards of conduct.

C. VIOLATIONS

Any individual aware of any violation of this policy, policy 2150, Board Member Conflict of Interest, policy 7620, Employee Conflict of Interest, the conflict of interest provisions of policy 8685, Federal Grant Administration, or applicable conflict of interest laws shall report such violation in accordance with policy 1760/7280, Prohibition Against Retaliation. Employees who violate this policy, policy 2121, policy 7730, or the conflict of interest provisions of policy 8305, will be subject to disciplinary action.

PURCHASING REQUIREMENTS FOR EQUIPMENT, MATERIALS, AND SUPPLIES

Policy Code:

8675

All purchases of apparatus, supplies, materials, and equipment will be made in accordance with all applicable state laws and regulations, including Article 8 of Chapter 143 and Articles 6E and 6G of Chapter 147 of the North Carolina General Statutes, board policy, and school system purchasing procedures. Purchasing contracts subject to the E-Verify requirement will contain a provision stating that the contractor and contractor's subcontractors must comply with the requirements of G.S. Chapter 64, Article 2. Purchases using federal funds must also be made in accordance with all applicable requirements of federal law and regulation, including the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") issued by the U.S. Office of Budget and Management. (See also policy 8305, Federal Grant Administration.) All employees involved in purchasing must be familiar with applicable requirements.

The purchasing officer shall ensure that written specifications for desired products are descriptive and clear and incorporate the quality requirements and service needs of the school system. There is no minimum number of bids, proposals, or quotes required for the purchase of apparatus, supplies, materials, and equipment (whether formally or informally bid); however, at least two bids, proposals, or quotes should be obtained when feasible.

The appropriate school system employee shall review submissions of bids, proposals, or quotes to determine if they are responsive to the system's specifications and make recommendations to the superintendent or designee. The superintendent or designee may award the contract based upon such recommendations if it is within their authority to contract as provided in policy 6420, Contracts with the Board, or may make a recommendation to the board for award of the contract by the board.

Apparatus, supplies, materials, and equipment must be purchased in accordance with the following requirements.

A. FORMAL BIDS (EQUAL TO OR MORE THAN \$90,000)

The purchase of apparatus, supplies, materials, or equipment for expenditures equal to or more than \$90,000 must be secured through the competitive bid process governed by G.S. 143-129. The superintendent, in consultation with the purchasing officer, is authorized to determine the best method for formally bidding a product or, as appropriate, utilizing one of the exceptions to formal bidding as provided below in Section E. The purchasing officer shall oversee the use of any purchasing method and ensure that all state requirements are met, including advertisement, sealed bids, maintaining records, and public opening of bids. The board authorizes the use of newspaper advertisement, electronic advertisement, or both for formal bids; however, the superintendent has the authority to determine which method will be used for a specific purchase or categories of purchases.

Awards will be made to the lowest responsible bidder(s) whose bid or proposal meets the

requirements and criteria set forth by the school system, taking into consideration quality, performance, and the time specified in the proposal for the performance of the contract. To be eligible for an award of a contract subject to G.S. 143-129, the contractor and its subcontractors, if any, must demonstrate compliance with all applicable provisions of G.S. Chapter 64, Article 2, including the responsibility to use E-Verify. All contracts awarded must be in writing.

The board permits the use of the following processes for contracts that require formal bidding.

1. Competitive Sealed Bids

A competitive sealed bid (or invitation to bid) may be used to request the cost of particular goods by providing detailed specifications in advance.

2. Reverse Auction

Pursuant to G.S. 143-129.9(a)(1), the school system may use reverse auctions as an alternative to sealed bid procedures. For purposes of this policy, "reverse auction" means a real-time purchasing process in which bidders compete to provide goods at the lowest selling price in an open and interactive environment. The superintendent, in consultation with the purchasing officer, shall determine whether reverse auctions are appropriate for a specific purchase or category of purchases. To conduct a reverse auction, the purchase officer may use a third party, may use the state's electronic procurement system, or, if appropriate equipment is available, may conduct the auction using school system equipment.

3. Exceptions to Formal Bids

Any of the processes outlined below in Section E may be used in lieu of formal bidding, so long as all requirements of state law are met.

B. INFORMAL BIDS (\$30,000 TO \$90,000)

The purchase of apparatus, supplies, materials, or equipment for expenditures of at least \$30,000 but less than \$90,000 must be secured through the informal bidding process governed by G.S. 143-131. The superintendent, in consultation with the purchasing officer, is authorized to determine the best method for securing informal bids on a product. The purchasing officer shall oversee the use of any purchasing method and ensure that all state requirements are met, including maintaining records of all bids submitted. Records of informal bids will not be available for public inspection until the contract has been awarded. Awards will be made to the lowest responsible, responsive bidder(s) whose bid or proposal meets the requirements and criteria set forth by the school system, taking into consideration quality, performance, and the time specified in the proposal for the performance of the contract.

1. Competitive Sealed Bids

Informal bid requirements may be met by the use of sealed bids. The purchasing officer may utilize the methods for formal competitive bids provided in Section A or may determine other appropriate methods for soliciting sealed bids. The bid specifications must include the time, date, and place for opening bids. No advertisement for bids is necessary (unless the formal bid process is used); however, the purchasing officer may advertise for bids as he or she deems appropriate.

2. Quotations

Informal bid requirements may be met by the solicitation of quotes from prospective vendors. Quotations may be solicited and submitted via telephone, fax, e-mail, or the North Carolina E-Procurement system. Telephone quotes must be placed in writing before a final contract will be awarded. Written quotations must be on the vendor's letterhead or an official quotation form.

3. Reverse Auction

A reverse auction may be used to solicit informal bids, consistent with the process provided in Section A.2.

4. Exceptions to Informal Bids

Any of the processes outlined below in Section E may be used in lieu of informal bidding, so long as all requirements of state law are met.

C. LOCAL REQUIREMENTS FOR PURCHASES FOR LESS THAN \$30,000

When competitive bidding is not statutorily required, purchases should be made under conditions that foster competition among potential vendors. Purchasing decisions should be made after considering price, quality, suitability for specified need, and timeliness of delivery and performance. The board may refuse to enter into a contract with a supplier or contractor whose performance on a previous contract was found to be unsatisfactory by the superintendent or the board.

If informal bidding is used, the informal bidding process described in Section B, above, will be followed.

D. ELECTRONIC BIDDING

Pursuant to G.S. 143-129.9(a)(2), the school system may receive bids electronically in addition to or instead of paper bids. If electronic bids are used for purchases that must be

formally bid, procedures for receipt of electronic bids must be designed to ensure the security, authenticity, and confidentiality of the bids to at least the same extent as provided with paper bids. The superintendent, in consultation with the purchasing officer, shall determine whether electronic bidding is appropriate for a specific purchase or category of purchases.

E. EXCEPTIONS TO THE FORMAL AND INFORMAL BIDDING REQUIREMENTS

The school system may utilize the following purchasing options instead of pursuing competitive bidding. Formal or informal bidding is not required if any of these processes are used. The purchasing officer shall gather information to document the basis for the use of any exceptions to the competitive bidding requirements. The superintendent, in consultation with the purchasing officer, may determine that using one of the following exceptions is appropriate for a specific purchase or group of purchases.

1. Purchases from Other Governmental Agencies

Pursuant to G.S. 143-129(e)(1), the school system may contract for the purchase, lease, or other acquisition of apparatus, supplies, materials, or equipment from any other federal, state, or local governmental agency.

2. Special Emergencies

Pursuant to G.S. 143-129(e)(2), competitive bidding is not required in cases of special emergencies involving the health and safety of people or their property. For an emergency to exist under the statute, the following factors must exist: (1) the emergency is present, immediate, and existing; (2) the harm cannot be averted through temporary measures; and (3) the emergency was not self-created by the school system.

3. Competitive Group Purchasing

Pursuant to G.S. 143-129(e)(3), the school system may make purchases or order repair work involving a combination of installation labor and equipment acquisition for heating and cooling systems through a competitive bidding group purchasing program, through which another entity uses a competitive process to establish contracts on behalf of multiple entities at discount prices.

4. State Term Contract

Pursuant to G.S. 143-129(e)(9), the school system may purchase products included in state term contracts with the state vendor for the price stipulated in the state contract, if the vendor is willing to extend to the school system the same or more favorable prices, terms, and conditions as established in the state contract.

5. Sole Source Items

Pursuant to G.S. 143-129(e)(6), upon approval of the board of education, the school system may purchase an item through a single or sole source contract under the following circumstances: (1) when performance or price competition is not available; (2) when a needed product is available from only one source of supply; or (3) when standardization or compatibility is the overriding consideration. When requesting a purchase under the sole source exception, the purchasing officer shall provide the board with documentation that justifies the use of the exception.

6. “Piggybacking” or Previously Bid Contracts

Pursuant to G.S. 143-129(g), upon approval of the board of education, the school system may purchase from any supplier that, within the previous 12 months, has contracted to furnish the needed item to the federal government, to any state government, or to any agency or political subdivision of the federal government or any state government. Before recommending a purchase using the piggybacking exception, the purchasing officer shall ensure that the following requirements are met: (1) the price and other terms and conditions of the contract are at least as favorable as the prior contract; (2) the contract was entered into following a public, formal bidding process substantially similar to that required by North Carolina General Statutes; (3) the same vendor is used; and (4) notice of intent to award the contract without bidding is publicly advertised at least 10 days prior to the regularly-scheduled board meeting at which the contract will be approved. Before approving the contract, the board must determine that using the contract is in the best interest of the school system.

7. Purchases of Information Technology Goods and Services

Pursuant to G.S. 143-129(e)(7) and [G.S. Chapter 143B, Article 15](#)~~143B-1324(b)~~, the school system may purchase or lease information technology through contracts established by the Department of Information Technology. The purchasing officer shall work with the information technology department to ensure that any such purchases meet the needs of the school system.

In addition, the school system also may purchase information technology goods and services by using a request for proposal (RFP) pursuant to G.S. 143-129.8, provided that the following requirements are met: (1) notice of the request is provided consistent with the formal bidding notice requirements and (2) contracts are awarded to the person or entity that submits the best overall proposal as determined by the purchasing officer and superintendent. The RFP should describe the scope of work, general terms and conditions, specifications of the product needed by the school system, and the application process. The information technology supervisor shall assist the purchasing officer in reviewing the responsiveness of any RFP submitted pursuant to this subsection. RFPs will be

evaluated using the “best value” method as defined in G.S. 143-135.9(a)(1) so that the system may select the most appropriate technological solution to meet the school system’s objectives. However, if the purchasing officer considers the purchase to be highly complex or is unable to clearly determine what the optimal solution for the school system is, the “solution-based solicitation” or “government-vendor partnership” method may be used. The purchasing officer may negotiate with the proposer to obtain a final contract that meets the best needs of the school system, so long as the alterations based on such negotiations do not deprive proposers or potential proposers of the opportunity to compete for the contract and do not result in the award of the contract to a different person or entity than would have received it if the alterations had been included in the RFP.

8. Gasoline, Fuel, and Oil Purchases

Pursuant to G.S. 143-129(e)(5), the school system may purchase gasoline, fuel, and oil products without using formal competitive bidding. However, such purchases are subject to the informal bidding requirements provided above.

9. Used Products

Pursuant to G.S. 143-129(e)(10), the school system may purchase previously used apparatus, supplies, materials, or equipment without using formal competitive bidding. Before purchasing used products, the purchasing officer shall ensure that the products are in good, usable condition and will be sufficient to meet the school system’s needs for a reasonable period of time.

10. Published Materials

Pursuant to G.S. 115C-522(a), compliance with Article 8 of Chapter 143 of the General Statutes is not mandatory for the purchase of published books, manuscripts, maps, pamphlets, and periodicals. Such purchase shall be made in accordance with Section C of this policy.

F. LEASE PURCHASE CONTRACTS AND OTHER CONTRACTS FINANCED OVER TIME

Lease purchase contracts, contracts that include options to purchase, and leases for the life of equipment all must be bid consistent with the requirements of G.S. 143-129 and 143-131. The purchasing officer shall ensure that such contracts meet the legal requirements and the provisions of policy 8640, Contracts with the Board.

G. USE OF SCHOOL SYSTEM TERM CONTRACTS

The school system may create and use term contracts for items that are routinely purchased by the school system. If the estimated expenditure for a routine item under the term contract is equal to or exceeds \$90,000, the contract must be formally bid. If the estimated

expenditure is at least \$30,000 but less than \$90,000, the contract must be informally bid. The purchasing officer may incorporate the use of a term contract in the bidding specifications. If term contracts are used, the board attorney, in consultation with the purchasing officer, shall review the contracts.

H. HISTORICALLY UNDERUTILIZED BUSINESSES

The board affirms the state's commitment to encouraging the participation of historically underutilized businesses in purchasing functions. The board will comply with all legal requirements and the standards in policy 8620, Participation by Historically Underutilized Businesses.

DRAFT

When personal property becomes unnecessary and undesirable for public school purposes, the school system will sell or dispose of the property in order to provide additional revenue for educational purposes, in accordance with the requirements of Article IX, Section 7 of the North Carolina Constitution, G.S. 115C-518, and G.S. 160A, art. 12. Equipment and supplies acquired under a federal award will be disposed of in accordance with the terms and conditions of the federal award, all applicable requirements of federal law and regulation, and the provisions of this policy not inconsistent with such requirements.

Contracts for the sale or disposal of surplus property must be consistent with G.S. 147, art. 6E and 6G. Before any property may be sold or disposed of, it must be removed from the appropriate fixed asset inventory.

The superintendent or designee shall ensure that any confidential, proprietary, or other identifying information is removed from surplus property prior to disposition. In addition, the disposal of any equipment or other property through waste management services must be done in a manner consistent with environmental or other relevant rules and regulations.

A. PROPERTY WORTH LESS THAN \$30,000

Pursuant to G.S. 160A-266(c), the board permits the superintendent or designee to dispose of personal property worth less than \$30,000.00 for a single item or group of similar items; to set the property's fair market value; and to convey title to the property for the board of education. Prior to disposition, the superintendent or designee must make a finding that the property is no longer necessary or desirable for school use.

Property covered by this section may be disposed of through a public or private exchange or sale. The superintendent or designee shall choose any method of disposal that is designed to obtain a fair market value for the property in the most efficient and economical manner possible and is in the best interest of the school system, as determined by the superintendent or designee. For all public sales, the superintendent or designee must publish notice at least 10 days in advance. The notice must identify the property to be sold and set out the date, time, place, and terms of the sale. Notice must be published in a newspaper having general circulation and/or by electronic means.

The superintendent shall provide a semiannual report to the board detailing such transactions. The report must include: (1) a general description of the property sold or exchanged; (2) the name of the person(s) to whom the property was sold or with whom it was exchanged; and (3) the amount of money or other consideration received for each sale or exchange.

B. PROPERTY WORTH \$30,000 OR MORE

Property worth at least \$30,000 will be disposed of pursuant to the requirements of G.S.

160A, art. 12, G.S. 115C-518, and Article IX, Section 7 of the North Carolina Constitution.
