

4TH GRADE UNIT GUIDE

MARCH

Math

NC.4.NF.6 Use decimal notation to represent fractions.

Vocabulary

equivalent fraction
numerator
denominator
tenths
hundredths
decimal
fraction
decimal notation

Activity

Determine the value of a handful of coins, and record the amount as both a fraction of a dollar and the decimal equivalent. Continue to practice with different amounts of coins.

$$73¢ = \$0.73 = \frac{73}{100}$$
